

## God Is Love

### Chorus

**G C G D**  
Do you know that God is love? Do you know what He's given to you?

**C G C G/D G**  
Will you try to do His will? Tell me do you know that God is love?

**G C Am7 C**  
Starvation and suffering, depression, strife and disease. (You ask)

**G C Am7 C**  
Why should we be living in such troubled times as these?

**G C Am7 C G C**  
If God is our father and He cares for us why will He not reach out

**Am7 D**  
and show His undying love?

**G C Am7 C**  
But love from the Father came through His only son (echo through His only Son)

**G C Am7 C**  
He healed and He fed yes, He made the lame able to run

**G C Am7 C**  
But true healing is that which human eyes cannot see

**G C Am7 D**  
The leper was healed, but from his sins he had been set free **(Chorus)**

**G**                    **C**                    **Am7**                    **C**  
When Jesus returns then everything will be made new

**G**                                    **C**                    **Am7**                    **C**  
There will be no more suffering for me or for you

**G**                    **C**                    **Am7**                    **C**  
Until then we suffer and some day we may die

**G**                    **C**                    **Am7**                    **D**  
But Jesus is coming to wipe the teardrops from our eyes **(Chorus)**
