

Straight From His Heart

D G D A
Straight from the heart of the savior, the way will never end to His love

G D A
And the ways of your past He's forgotten since the new life He's given has filled you with love,

D A D
straight from His heart.

D G D A G
Straight from the heart of the savior, He hears your prayers when you lift them up. And the path

D A D A D
to His door never leaves you. He comes to you wherever you are. Straight from His heart.

(Chorus)

D G D A G
Straight from the heart of a servant, to a world that is dying without His love. You shine, Oh yes

D A D A D
you shine like a beacon. They see His love when they look in your eyes. Straight from His heart.

Chorus

G D
Straight from His heart, He has given you something that this world could never give. Straight

G D A D A D
from His heart. His love is assuring and He's helping you as you live, Straight from His heart.
