

What We Need

Use these chords throughout the song: (Sorry, Don't know the names of the chords. I call them KC Special Chords).

We need a little lovin', a little bit of healin', a little bit of servin' that's what we need

You can share my laughter if you give my love out. And the world around you can't

help but see.

You know our world's so filled with darkness, it's hard to find the way. If we just look

unto our savior, I wonder if He'd say. Yeah, yeah

Ending: That's what we need (spoken)
