## **A MONTHLY PUBLICATION OF THE DIVE CLUB**

### **President's Letter — July 2025**

It's officially summer and it's starting to feel like it! You know what that means, the water will only get warmer and the visibility will only get worse from here. The Dive Club took a nice trip this last weekend in June to Fort Getty in Rhode Island where 15 club members got some dives in, camped, grilled, and had a great time. It's always nice to join a club-sponsored trip and dive a new place with good company. Due to an event going on in Bay Shore, our monthly meeting for July has been moved to the second Tuesday of the month, July 8, where we will be welcoming LIDA to present to us on liveaboard safety. I hope to see you all there! Please also take a look at the wreck diving schedule below, as there are a few spots left on our upcoming charters. Grab a buddy and get a nice boat dive or two in this season! Thanks to the club members who joined me last week on a zoom call, we were able to put together the beach diving schedule for the rest of the season. You can find that below as well. I look forward to seeing you all at our upcoming OBI barbecues, beach dives, wreck dives and meeting! Have a happy and safe 4th of July all!

~Courtney Lyons, President

### Long Island Divers Association

Surviving an Incident at Sea: An Essential guide to  
Passenger Safety on board Liveaboards

Join us at our upcoming meeting in welcoming the Long Island Divers Association! LIDA is a non-profit entity that has been in existence for over 35 years whose mission includes educating the diving public, protecting diver's rights, and gaining access to dive sites.

Liveaboard dive vessels operate throughout the world and provide divers the ability to explore some of the most beautiful and remote dive locations. For many divers there is no better way to comfortably experience the underwater world while maximizing their dive experiences.

Despite decades of successful operations, several recent incidents have highlighted the need for liveaboard divers to become better equipped to protect their personal safety. In this session, Barry Lipsky with the Long Island Diver's Association will present a comprehensive review of safety protocols to improve your odds of survival in the unlikely event of an onboard emergency. Learn what safety equipment and procedures should exist on board the vessel, what equipment divers can bring with them to improve their own safety, and how to rehearse emergency procedures for evacuating a liveaboard experiencing an incident.

# BEACH DIVE DIRECTORY

## North Shore:

### Bayville Barge, Bayville

The site is located off the beach in front of the Wall's Wharf restaurant in Bayville. Please be advised that we are not permitted to use the restaurant lot for parking. There is a lot at the north end of Eighth Street that is open to Bayville residents, or look for street parking. The barge can be found by taking a north heading from the chain link fence outside of the restaurant.

### Cedar Beach, Mt. Sinai

The fishing pier is located at the West end of Harbor Beach Rd in Mt. Sinai. Follow this road past the basketball courts, parking lots, and marinas until you arrive at a smaller parking lot overlooking the boat channel. The dive site is underneath the fishing pier. Please be advised that parking meters are in effect in the summer season.

When conditions do not permit diving underneath the fishing pier, the beach next to the basketball court is another option, also located on Harbor Beach Road.

### Horton Point, Southold

Take Lighthouse Road in Southold north to the end. Turn left into the parking lot for the Horton Point Lighthouse. If there is a gatekeeper, let them know you are scuba diving there with The Dive Club, and parking should be free. The site is down the staircase and straight into the water.

### Pirate's Cove, Port Jefferson

The site is now called McAllister County Park. Take Anchorage Road in Port Jefferson to the end. There is a roundabout where gear can be dropped off and about 6 parking spots a small way up the road.

### Roanoke Barges, Reeves Park

Take Sound Avenue and turn onto Park Road. The site is located at the north end of Park Road in Reeves Park. A four-wheel drive vehicle and beach permit is necessary to access this site, or it will be a long walk with dive gear. A few club members have volunteered to transport gear to the site for everyone in their 4WD. Meet at the end of Park Road at the scheduled time to coordinate "travel plans."

### Rye Cliff Ferry, Sea Cliff

The site is located off Sea Cliff Beach. Navigate to The BLVD in Sea Cliff and look for street parking. The wreck is approximately 270 degrees out from the first small jetty on shore.

### Stehli Beach, Oyster Bay

Stehli Beach is located at the west end of Bayville Ave, before it turns into Bayville Road. Parking can be found in front of the bathhouse, where we will enter the water. Please be advised that this is an Oyster Bay town beach, so our diving here will be limited to early/late season only.

### Secret Beach, Greenport

The site is located on North Road in Greenport where you will see a dirt road with chain link gates on the north side, make a left down this dirt road. If you are using a GPS or maps app, Inlet Pond County Park is close by. If you see the Eastern LI Kampground, you went too far! Please be advised the dive site is located on private property. The club has received permission to dive here as long as a LIDA waiver is signed by all attending, and a divemaster is present.

# BEACH DIVE

## DIRECTORY *CONTINUED*

### **Shoreham Jetties, Wading River**

Take Sound Road to Creek Road and make a left. Follow Creek Road west to the end. Park on the left side of the wooden barrier in the small, square dirt lot. The right side is reserved for permit holding residents. The site is located at the end of Wading River where it empties out into the Long Island Sound. The idea here is to plan the dive with the tides so that we can enter the river from the parking lot and receive a lift with the outgoing tide. Then, execute the dive, and ride the incoming tide back in.

### **Submarine Base, New Suffolk**

The site is located at the south end of Main Street in New Suffolk and there is street parking only. Use Case's Place Restaurant for GPS directions.

### **Theodore Roosevelt Fishing Pier, Oyster Bay**

The site is located at the end of West End Ave in Bayville. For GPS directions, input Theodore Roosevelt Beach. Find the site by entering from the boat ramp and heading west until you hit the fishing pier.

### **U.S.S. Ohio, Greenport**

The entrance to the beach is at the south end of Clark Street in Greenport. Street Parking can be found on Clark Street or the adjacent 4<sup>th</sup> Street. Enter the opening to the beach from Clark Street and follow the beach along to the right. There is a large iron pipe in the sand along with some other metal pieces. Take a compass heading of 120 degrees from there to find the wreck (debris).

## **South Shore:**

### **Beach 8<sup>th</sup> Street, Far Rockaway**

The site is located at the south end of Beach 8<sup>th</sup> Street in Far Rockaway, Queens. Street parking is limited, but additional spots can be found on Beach 9<sup>th</sup> street, or near the basketball courts on Beach 10<sup>th</sup> Street. Do not park in the Rockaway Manor parking lot, as this is for nursing home residents only, but use this building as a GPS guideline if necessary.

### **HMS Culloden, Montauk**

Take Soundview Drive until it turns into a dirt road and continue for another quarter mile or so until you see another unnamed dirt road. Take this road to the end and park. Parking is on the bluff that overlooks the water, so the staircase will lead you down to the dive site. The wreck is located 330 degrees from the large boulder on the beach.

### **Noyack Bay, Noyack**

The site is located on the north side of Noyack-Long Beach Road. Proceed past Foster Memorial Beach and look for a spot to pull off on the north side of the road. The dive site is street-parking only.

### **Oak Beach, Babylon**

The old Oak Beach Inn. A large parking lot on North Oak Beach Road. After going over the Robert Moses Bridge and the small draw bridge, turn right onto Ocean Parkway West. You will have to use a turnaround to get onto Ocean Parkway East, where you will then see the parking lot on your right. For GPS directions, use Oak Beach. The dive site can be accessed from the jetty on the east side of the parking lot, where we usually meet, but others may choose to dive the fishing pier located on the west side of the same parking lot.

July 2025

# BEACH DIVE

## DIRECTORY *CONTINUED*

### **Old Ponquogue Bridge, Hampton Bays**

Proceed over the bridge on Lighthouse Road in Hampton Bays and turn left onto Dune Road. Immediately make another left and follow this road to the end. The dive site is under the Old Ponquogue Bridge. A parking permit is required, but you can also drop off your gear at the site, drive your car back over the bridge, park on the north side, and take a nice scenic walk back over.

### **Shinnecock County Park East, Southampton**

The site is located at the west end of Meadow Lane in Southampton. Turn right onto Meadow Lane from Halsey Neck Ln and follow it to the end. The site is entered from the camping parking lot just beyond the entry booth. Please be advised there is an in-season and weekend fee to park for non-residents (\$7). Also, keep in mind this is an entirely different site than Shinnecock West, with an inlet in between the two.

### **Shinnecock West, Hampton Bays**

The site is located on Road H, at the east end of Dune Road in Hampton Bays. If you are familiar with the Ponquogue Bridge, continue straight down Dune Road instead of turning left into the parking lot. The dive site is the Shinnecock inlet, where we will enter on the ocean side where the jetty is.

## **Upstate NY**

### **Minnewaska State Park Preserve, Ulster County**

Within Minnewaska State Park, navigate to the visitor's center. The parking for the dive site is down a short road to the left of this building. You will have to stop by the visitor's center with your certification card and \$25 to dive for the day. Also, admission to the park is \$8 (typical of any New York State Park) or free with an empire pass.

## **& Beyond**

### **Delaware River Water Gap, Pennsylvania**

From I-80, exit onto Rt. 611 South. Follow 611 through town of Delaware Water Gap into Delaware Water Gap National Recreational Area. The parking area is at the bottom of the hill south of town on the right side. Pull off on the side of the road just before the road rounds the corner and the wall starts on the train tracks. Alternatively, there is a large parking lot on the other side of the road, but travel across the highway with dive gear at your own risk.

### **Manasquan River Railroad Bridge, New Jersey**

Parking is close by and free, but the lot is not very large and sometimes fills up. A 7-11 store is across the road, and the dive site is adjacent to the Point Beach Yacht Club in Point Pleasant Beach, which you can use as a GPS landmark to get directions.

## LIABILITY RELEASE AND EXPRESS ASSUMPTION OF RISK

---

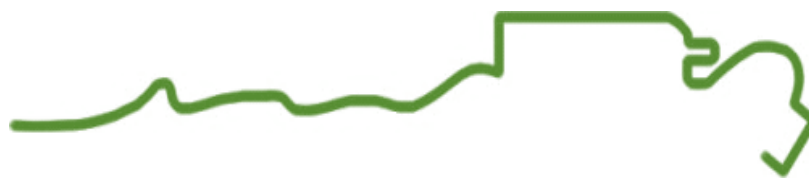

This is an important legal document. You may wish to consult an attorney prior to signing it.

This release may be used against you in a court of law if you sue any released person or party.

Please read carefully, **fill in all blanks and initial each paragraph before signing**. Incomplete forms will not be accepted.

I, \_\_\_\_\_, hereby affirm that I have been advised and thoroughly informed through my open water training of the inherent risks of skin and scuba diving.

- Further, I understand that diving with compressed air involves certain inherent risks; decompression sickness, embolism, or other hyperbaric injuries can occur that require treatment in a recompression chamber. I further understand that any trips of any kind (diving or non-diving), whether sponsored or not, by The Dive Club may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. I still choose to proceed with such diving activities in spite of the absence of a recompression chamber in proximity to the dive site(s).
- I understand and agree that neither The Dive Club or any of their respective board members, officers, agents or assigns (hereinafter referred to as “Released Parties”), may be held liable or responsible in any way for any injury, death, or other damages to me or my family, heirs, or assigns that may occur as a result of my participation in any Dive Club activity, or as a result of negligence of any party, including the Released Parties, whether passive or active.
- In Consideration of being allowed to become a member of The Dive Club I hereby personally assume all risks in connection with diving or non-diving activity from any harm, injury or damage that may befall on me, including all risks connected therewith, whether foreseen or unforeseen.
- I further save and hold harmless said Dive Club and Released Parties from any claim or lawsuit by me, my family, estate, heirs, or assigns, arising out of my enrollment and participation in Club events including both claims arising during said event or after said event.
- I Further understand that skin diving and scuba diving are physically strenuous activities and that I will be exerting myself during any diving activity, and that if I am injured as a result of a heart attack, panic, hyperventilation, etc., that I expressly assume the risk of said injuries and that I will not hold the above listed individuals or companies responsible for the same.
- I further state that I am of lawful age and legally competent to sign this liability release, or that I have acquired the written consent of my parent or guardian.
- I acknowledge scuba diving is an activity that is done with a buddy. I will not make a solo dive during a Dive Club event unless I am certified to do so by an accredited training agency and I am equipped to make this dive safely.
- I understand that the terms herein are contractual and are not a mere recital, and that I have signed this document of my own free act.
- I acknowledge that The Dive Club does not provide buddies, gear, transportation, training, or professional advice pertaining to the sport of scuba diving. However, the dive sponsors will do their best to help club members find what they need for a dive by setting up email groups to allow individual club members to coordinate rides, buddies, and rental gear, if necessary.
- The Dive Club does not vet divers or make any determination about whether any diver is qualified to do any given dive. This decision is entirely up to the individual diver, as well as any external dive operator, such as a dive boat captain or resort operator. It is important to evaluate your current experience when making the decision to dive. If you only have experience diving in warm waters with optimal visibility, you should consider the additional challenges associated with northeast diving before making your decision. I expressly assume the risk of any injury or illness for **each and every** dive that I determine to make and hold harmless for the same the above listed companies and individuals.

- I acknowledge that for planned boat charters, the minimum certification and equipment requirements listed in our newsletter are the requirements of the boat captains. Please contact them directly if you have any questions about the suitability of a dive for you.
- I understand that DAN (Divers Alert Network) Insurance or other similar diving accident insurance policies are available to me if I choose to acquire this. I acknowledge that it is my own responsibility to educate myself on the available policies and choose the one, if any, that is appropriate for me. I understand that without this, I will be responsible for any medical bills or damages to my equipment that I incur.
- I recognize that I may receive false or misleading information from one or more club members or non-members pertaining to the relative difficulty of a dive or my ability to safely participate in or perform a dive. Additionally, I acknowledge that one or more club members or non-members may negligently approve of my dive plan, including preparation or intended dive plan, the condition of my equipment, my ability to use my equipment, or proper use of equipment. I understand and agree that **I am responsible for determining whether I am capable of executing** a dive safely, whether I have sufficient information regarding my own physical abilities and the intended dive to base this decision, as well as whether my equipment is in proper working condition and is sufficient for the intended dive. I release The Dive Club and all co-signers who by signing this waiver similarly release me from negligent acts or omissions of this nature.

IT IS THE INTENTION OF \_\_\_\_\_ BY THIS INSTRUMENT TO EXEMPT AND RELEASE THE DIVE CLUB, AND ALL RELATED ENTITIES AS DEFINED ABOVE, FROM ALL LIABILITY OR RESPONSIBILITY WHATSOEVER FOR PERSONAL INJURY, PROPERTY DAMAGE OR WRONGFUL DEATH HOWEVER CAUSED, INCLUDING, BUT NOT LIMITED TO, THE NEGLIGENCE OF THE RELEASED PARTIES, WHETHER PASSIVE OR ACTIVE.

I HAVE FULLY INFORMED MYSELF OF THE CONTENTS OF THIS LIABILITY RELEASE AND EXPRESS ASSUMPTION OF RISK BY READING IT BEFORE I SIGNED IT ON BEHALF OF MYSELF AND MY HEIRS.
