Field Committee

FDLCKC: Karin Nyhuis, John Nyhuis, Jeanne Nonhof, Julie Osepek, Laura England, Deb Reinke, Megan Schlosser

GMSF: Karin Nyhuis, John Nyhuis, Linnea Laura Esberg, Julie Osepek, Luann Glielmi, Laura England, Jeanne Nonhof

Lure Operators: Aaron Schlosser / John Nyhuis

ENTRIES:

Pre-Entries are \$20 per entry per dog per test (includes \$3.50 AKC recording fee). Pre-Entries close at the Event Secretary's address **Wednesday August 25, 2021**, at 6:00 PM or when the numerical limit is reached, whichever is first. Entries received after August **25th but before September 3rd, 2021** will be considered late but accepted if the event is **not filled**. **The fee for a Late /**

Day Of Entry is \$25 per entry per dog. Pre-Entries will be acknowledged by email if legible email address is provided on the entry form.

NOTE: A request for a special run position in an event must accompany the entry form and will not be considered after entries are closed.

Make One Check or Money Order Payable to: FDLCKC/GMSF for all entries. Fees are payable in U.S. funds. Telephone, fax, or email entries are not accepted. Entries will not be accepted if received without fees or the Agreement at the bottom of entry form signed. Returned checks will be assessed a \$20 service fee.

Mail check payable to **FDLCKC/GMSF for all entries along with completed entry forms to:**

FDLGMS
Tina Anchondo
2310 Green Bay Rd. C304
Racine, WI 53406

REFUNDS:

Fees will not be refunded in the event that a dog is absent, disqualified or barred from competition by action of the Event Committee. If because of riots, civil disturbances or other acts beyond the control of the Club it is impossible to open or complete the Event, **no refund** of entry fees will be made or uncashed checks returned (checks will be shredded). Upon inspection, entry fees for bitches in season (and lame or unfit dogs) will be refunded, less \$3.50 per run, for runs not able to be completed. After the closing date, and up to 30 minutes prior to the start of the any event for the day, refund requests must be submitted to the Field Secretary and may require veterinarian certification (Event Chairman's discretion).

FDLCKC/GMSF RULES:

No smoking is allowed on the grounds other than in your own vehicle. No Flexi retracting leads allowed on the trial site. Exercise your dogs only in posted areas and clean up after them.

CONDITIONS OF ENTRY:

All entries must be accompanied with a check to be valid. Entries received by phone, text, or email will not be accepted. Incomplete entries or forms without signature at bottom will not be accepted.

Fast CAT events are open to all dogs at least 12 months of age that are individually registered with the AKC, recorded in the Foundation Stock Service (FSS) program, individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration. Dogs

granted a Purebred Alternative Listing (PAL) number, dogs with AKC Limited or Conditional Registration, or dogs enrolled in the AKC Canine Partners program may participate provided their listing number has been recorded on the entry form. Breed should be marked "All American Dog".

Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The Inspection Committee has the authority to disallow a dog's entry into an Event. Bitches in season, lame and unfit dogs will be excused with entry refunded, less \$3.50 per run, for runs not able to be completed.

PRIZES:

Qualifying Scores - Ribbons are awarded to each dog receiving a qualifying score.

NOTE: "New Title Rosettes" are awarded to each dog receiving a new title. Title awards are self-reported. Please keep track of your points.

Basic Information about Fast Coursing Ability Tests (FastCAT)

Fast CAT is a timed straight 100-yard dash for dogs. It is meant to be a fun and healthy activity of interest to any dog owner. Dogs are run singularly.

Fast CAT Points and Titles

The dog's time to complete the course is measured and converted to miles per hour. [mph]. A handicap is applied to the dog's mph to determine the number of points awarded. The handicap is based upon the dog's height at the withers.

Handicaps and Points Toward Titles

- 18" or greater = no handicap. The points equal the mph of the run
- 12" to less than 18" = handicap of 1.5. The points equal the mph multiplied by 1.5
- Under 12" = handicap of 2. The points equal the mph multiplied by 2.

Titles

Titles are suffix titles earned at designated milestones:

- The BCAT Title - 150 points.
- The DCAT Title - 500 points.
- The FCAT* Title - 1000 points.

*A FCAT number e.g. FCAT1 is awarded for each additional 500 points.

Note: The speed of the top twenty fastest dogs is published on the AKC website (by breed) 30 days after the event results are submitted to AKC.

SCHEDULE (Quick Check):

1. A handlers' meeting will be held 10 minutes prior to run start time of each event.
2. All dogs will be inspected beginning at **8:00am** for AM runs (**12:30pm for PM runs**) for soundness prior to running on that event date. All bitches will be checked for being in season prior to each trial event.
3. AM and PM run start times are: **8:30 am** and **1:00 pm**.

Field Hours: 8:00 am to the conclusion of both events for the day

Check in / inspection: 8:00 am and throughout the day. Dogs must be checked in and inspected for soundness (and for bitches in season) prior to running in each of the trial events each day.

Handlers Meeting: 8:20am for AM runs and at 12:50pm for PM runs.

Lunch: A 30 minute lunch break (12:00pm to 12:30pm) will be scheduled at the discretion of the Event Committee. Most local eateries (**you will be sent a list of area favorites**) are just a few minutes from the event site or you can order EatStreet, Door Dash, Uber Eats deliveries to the event site any time during the day. Check the delivery service website for Fond du Lac eateries for details before you order. **We will have a Posted Delivery Drop Off Point for you to meet up with the drivers.**

Event Run Schedule:

We will be starting at **8:30 am** each day. In the event of inclement weather or other conditions (or for timely completion of the event), the Event Committee may elect to start the events earlier than posted. In any case, all entrants present during the posted times will be allowed to run. **Afternoon events will start at 1:00 pm.**

NOTE: Event workers will be scheduled to run first (or last if desired) so they can get to their assigned work stations for the rest of the event.

Scheduling of Runs (Concurrent Runs Method):

Using the concurrent runs method, we are going to schedule dogs to run **both** runs for each day either in the AM or PM. In this scenario, if you have one dog entered and you are scheduled for AM to do both runs, your two runs will be scheduled over two of the four 30 dog AM blocks between 8:30 AM and Noon. If you have entered two dogs, (with volunteer dogs running early), we should have enough AM spots to run an entrant's second dog. The PM portion will be run the same way as the AM. There will be AM entrants running their third and fourth dogs along with PM entrant dogs but, PM elapsed times should be the same ending no later than 4:00 pm. Entrants that have completed their two runs on their one (or two) dog entry should have no reason to remain at the

event site but, if you choose to do so, "social distancing" is still recommended anywhere on the event site.

We will be running four 60 minute (30 dog) blocks in both the AM and the PM so the time between runs for any dog should be no more than 60 minutes.

NOTE: Our Continuous Loop machine can handle 40 dogs per hour so an entrant with a second dog will have to be aware of the run spots in the block for the two dogs so both dog and entrant are ready to go.

COURSE AND EQUIPMENT

Field Conditions: The course is reasonably flat, level, and mowed. The actual running area is approximately 140 yards long x 5 yards wide with a combination of movable chain link fence sections and plastic-type barrier. The release line is ten feet behind the starting line. The course is 100 yards long with electronic start and finish line timers and up to a 40-yard run-out area. Handlers can not walk/run the course with their dogs during the actual test.

NOTE: A golf cart will be on site to transport "catchers" to the finish line avoiding that 100 yard walk especially if participant mobility is an issue.

The Lure:

The lure is propelled by a Continuous Loop lure system whereby the lure, consisting of a plastic lure attached to a braided line, is dragged along the ground in front of the dog by a motor driven drive wheel. At the end of the run, the lure is returned to the starting line on the continuous loop outside of the run area by the same motor driven drive wheel and placed at the starting position prior to the next run. Only one line is in the run area during each run. Safety is always the number one consideration in running this event

Timing:

Timing will be by electronic timers with a second set of backup electronic timers on site. The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second. The time starts when any part of the dog breaks the electronic beam at the start line and stops when any part of the dog breaks the beam at the finish line. In the unlikely event that manual (stopwatch) timing would be needed, a starter's signal will signal the start when the dog's nose crosses the starting line, and the time will be recorded by two time-keepers, each operating stopwatches individually, when the dog's nose crosses the finish line. The time will be the mathematical average of the two manually recorded times.

Collars:

Dogs may wear any collar except a choker collar, a prong collar or an electronic training collar. Be aware that there is a chance that tags hanging from the collar would become entangled on something during the run. Clips or

rubber bands may be used to hold the dog's hair. The owner assumes responsibility for the safety of the dog with regard to the dog's collar and paraphernalia on the dog.

The Running Process:

The Paddock Master will coordinate the running of the dogs according to his/her best discretion. Dogs are scheduled according to the preliminary running schedule provided by the Event Secretary. Each entrant will receive a running order AM or PM block via email prior to the event. The schedule will also be posted in the inspection / paddock areas. Dogs will be called to "the line", "on deck" and "in the hole" positions. Dogs that are not present "in the hole" will be moved to the end of the running order in that block. Any dog not present by the time that the AM or PM event ends will be considered absent.

The Start:

The Huntmaster directs the start of the test and is in control of the course and is in charge of all dogs and handlers on the field. He/she shall ensure that the handler understands safe release and retrieval procedures, that the lure is properly positioned, that the dog is properly positioned at the proper set back from the start, that the lure operator, timers and starting line signal person are ready and -- if all is in order -- shall signal the lure operator to start the lure. Typically, the signal to release your dog is signaled by "tallyho."

NOTE: Club Holders will be at the start line if you have no one to release your dog. For the safety of our club members, we would prefer that you provide your own holder.

Operation of the Lure:

The Lure Operator's job is to 1) ensure a safe run by operating the lure correctly, and 2) to get the best score for your dog. If your dog is new, that may mean operating the lure just in front of the dog to maintain his/her attention to get the dog going. (If you don't finish the run you don't get a score).

Tell the Huntmaster that your dog is a new dog.

If your dog is experienced, simply advise the Huntmaster about your "fast dog." He/she will tell the lure operator to run the lure well ahead of the dog to achieve the fastest time. We want you to have a good score.

The Finish and Retrieval of the Dog:

The principal delay in coursing events is the time it takes to retrieve dogs at the end of the runs. Please have someone familiar with the dog at the finish line prior to the time you get into the "in the hole" position in the running order.

NOTE: If you are having trouble retrieving your dog, please notify the Huntmaster that your dog is a "flight risk." We will attempt to assist in shortening the return field or assist in any way that we can.

Waiver of Liability:

Neither the Field Committees nor the Club will be responsible for the loss or damage to any dog on the event grounds, whether as a result of an accident or any other cause. It is clearly understood that every dog entered in the test is under the care, custody and control of its handler during the entire time the dog is on the premises. All owners/agents/exhibitors and other persons attending these tests hereby waive any claim against the club or its agents for any losses, damages, or injuries affecting self, dog, children, or personal property.

TRAVEL & LODGING:

Directions to Fairgrounds

- FROM EAST-Hwy 23 to Hwy 151 South bypass. Turn left on to HWY 151 bypass and continue South and West to Martin Road exit. Turn right on Martin Avenue. Drive north 1.5 miles to south end of Fairgrounds on right. Look for FastCAT sign at entrance.
- FROM WEST-Hwy 151; Continue on Hwy 151 North bypass to special Martin Road exit in median strip; Turn left across southbound traffic lane on to Martin Avenue. Drive north 1.5 Miles to south end of Fairgrounds on right. Look for FastCAT sign at entrance.
- FROM WEST-Hwy 23 to I 41 South. South on I 41 two miles to Hwy 151 bypass (Exit 95); Turn left on Hwy 151 North bypass to special Martin Road exit in median strip. Turn left across southbound traffic lane on to Martin Avenue. Drive north 1.5 Miles to north end of Fairgrounds on right. Look for FastCAT sign at entrance.
- FROM NORTH-Hwy 41 South to Hwy 151 (Exit 95). Turn left on Hwy 151 North bypass to special Martin Road exit in median strip. Turn left across southbound traffic lane on to Martin Avenue. Drive north 1.5 Miles to south end of Fairgrounds on right. Look for FastCAT sign at entrance.
- FROM SOUTH-Hwy 41 North to Hwy 151 North on-ramp (exit 95). Turn right on 151 North bypass to special Martin Road exit in median strip. Turn left across southbound traffic lane on to Martin Avenue. Drive north 1.5 Miles to south end of Fairgrounds on right. Look for FastCAT sign at entrance.

Hotels/Motels:

ACCOMMODATIONS The Fond du Lac County Kennel Club and Greater Milwaukee Samoyed Fanciers requests each participant to respect the premises of any local establishment accepting dogs. This includes cleaning up after your dog. The AKC considers all accommodations as an extension of the event site.

Note: Hotel policies may change toward dogs, please verify current policies when making reservations.

In Fond du Lac (10 minutes to Fairgrounds)

RADISSON ... 625 W Rolling Meadows Drive, Fond du Lac, WI 54935 920-923-1440 (for special rate, mention FastCAT) No Fee for one Dog, \$10 Per Night for more than one dog.

So the medical team can be prepared for your arrival, please call **920-993-9193** before arriving.

Photographer for this Trial

Koenraad De Roo
KDR Photography
Info@kdrphotos.com

We have contracted with KDR Photography for this event. Please be respectful toward the photographer and let him work the lane as he deems necessary. Any interference with the photographer will not be tolerated and could result in you being asked to leave the event.

Follow directions provided by the photographer as to how to sign up for a list of photos to view and how to place orders. A sign-up table will be located next to the sign-in/inspect tent.

Photos taken by others of you and your dog with little ribbons are allowed and a designated area with a backdrop will be provided away from the trial lane for this purpose.
