Aaron Schlosser, Megan Schlosser

Lure Operators: Aaron Schlosser / Liz Groehler

ENTRIES:

Pre-Entries are \$20.00 per entry per dog per test (including \$3.50 AKC recording fee). Pre-Entries close at the Event Secretary's address **Wednesday October 10, 2025**, at 6:00 PM or when the numerical limit is reached, whichever is first. Entries received after October 10, **but before October 17, 2025** will be considered late but accepted if the event is **not filled**. **The fee for a Late / Day Of Entry is \$30.00 per entry per dog.**

JUNIOR HANDLER: Pre-entries \$15.00.... Day of Entry \$20.00

Pre-Entries will be acknowledged by email if a legible email address is provided on the entry form.

NOTE: A request for a special run position in an event must accompany the entry form and will not be considered after entries are closed.

Make One Check or Money Order Payable to: FDLCKC for all entries. Fees are payable in U.S. funds. Telephone, fax, or email entries are not accepted. Entries will not be accepted if received without fees or the Agreement at the bottom of entry form signed. Returned checks will be assessed as a \$25 service fee. Payment can also be made through online venues. Contact the show secretary (Piper Smith) for more information.

Mail check payable to **FDLCKC for all entries along with completed entry forms to:**

FDLCKC
Piper Langkau
411 3rd St
Neenah, WI 54956
pips96@gmail.com

REFUNDS:

Fees will not be refunded if a dog is absent, disqualified or barred from competition by action of the Event Committee. If because of riots, civil disturbances or other acts beyond the control of the Club it is impossible to open or complete the Event, **no refund** of entry fees will be made or un-cashed checks returned (checks will be shredded). Upon inspection, entry fees for bitches in season (and lame or unfit dogs) will be refunded, less \$3.50 per run, for runs not able to be completed. After the closing date, and up to 30 minutes prior to the start of the event for the day, refund requests must be submitted to the Field Secretary and may require veterinarian certification (Event Chairman's discretion).

FDLCKC RULES:

No smoking is allowed on the grounds other than at your own vehicle. No Flexi/retracting leads allowed on the trial site. Exercise your dog only in posted areas and clean up after them.

CONDITIONS OF ENTRY:

All entries must be accompanied with valid payments. Incomplete entries or forms without signature at bottom will not be accepted.

Fast CAT events are open to all dogs at least 12 months of age that are individually registered with the AKC, recorded in the Foundation Stock Service (FSS) program, individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration.

Dogs **are granted a Purebred Alternative Listing (PAL) number, dogs with AKC Limited** or Conditional Registration, or dogs enrolled in the AKC Canine Partners program may participate provided their listing number has been recorded on the entry form. Breed should be marked "All American Dog".

PRIZES:

Qualifying Scores - Ribbons are awarded to each dog receiving a qualifying score.

NOTE: "New Title Rosettes" are awarded to each dog receiving a new title. Title awards are self-reported.

Fast CAT Points and Titles

The dog's time to complete the course is measured and converted to miles per hour. [mph]. A handicap is applied to the dog's mph to determine the number of points awarded. The handicap is based upon the dog's height at the withers.

Handicaps and Points Toward Titles

- 18" or greater = no handicap. The points equal the mph of the run
- 12" to less than 18" = handicap of 1.5. The points equal to the mph multiplied by 1.5
- Under 12" = handicap of 2. The points equal the mph multiplied by 2.

Titles

Titles are suffix titles earned at designated milestones:

BCAT - 150 points.

DCAT - 500 points.

The FCAT* - 1000 points.

*A FCAT number e.g., FCAT XX is awarded each additional 500 points.

SCHEDULE

- All dogs will be inspected beginning at **8:00am** for AM runs (**12:30pm for PM runs**) for soundness prior to each run on the event date and bitches in season.
- AM and PM run start times are: **8:30 am** and **1:00 pm**.

- **Field Hours: 8:00 am** to the conclusion of both events for the day
- **Check in / inspection: 8:00 am** and throughout the day. Dogs must be checked in and inspected for soundness (and for bitches in season) prior to running in **each** of the trial.
- **Handlers Meeting: 8:20am for AM runs and at 12:50pm** for **PM** runs.
- **Lunch/Breaks:** A 45-minute lunch break will be scheduled at the discretion of the Event Committee. Also, a 10-minute break in the mid-morning.
- **Event Run Schedule:**
 - We will be starting at **8:30 am** each day. In the event of inclement weather or other conditions (or for timely completion of the event), the Event Committee may elect to start the events earlier than posted. In any case, all entrants present during the posted times will be allowed to run.
 - **Afternoon events will start at 1:00 pm.**
 - **NOTE: Event workers will be scheduled to run first (or last if desired) so they can get to their assigned workstations for the rest of the event.**

Scheduling of Runs (Concurrent Runs Method):

Using the concurrent runs method, we are going to schedule dogs to run **both** runs for each day **either in AM or PM**. In this scenario, if you have one dog entered and you are scheduled for AM to do both runs, your two runs will be scheduled over two of the four 30 dog AM blocks between 8:30 AM and Noon. If you have entered two dogs, (with volunteer dogs running early), we should have enough AM spots to run an entrant's second dog. The PM portion will be run the same way as the

AM. There will be AM entrants running their third and fourth dogs along with PM entrant dogs but, PM elapsed times should be the same ending no later than 4:00 pm. Entrants that have completed their two runs on their one (or two) dog entry should have no reason to remain at the event site but, if you choose to do so, "social distancing" is still recommended anywhere on the event site.

We will be running four 60-minute (30 dog) blocks in both the AM and the PM so the time between runs for any dog should be no more than 60 minutes.

NOTE: Our Continuous Loop machine can handle 40 dogs per hour so an entrant with a second dog will have to be aware of the run spots in the block for the two dogs so both dog and entrant are ready to go.

COURSE AND EQUIPMENT

Field Conditions: The course is reasonably flat, level, and mowed. The actual running area is approximately 140 yards long x 5 yards wide with a combination of movable chain link fence sections and plastic-type barrier. The release line is ten feet behind the starting line. The course is 100 yards long with electronic start and finish line times and up to a 40-yard run-out area.

Handlers cannot walk/run the course with their dogs during the actual test.

NOTE: A golf cart will be on site to transport "catchers" to the finish line avoiding that 100-yard walk.

The Lure:

The lure is propelled by a Continuous Loop lure system whereby the lure, consisting of a plastic lure attached to a braided line, is dragged along the ground in front of the dog by a motor driven drive wheel. At the end of the run, the lure is returned to the starting line on the continuous loop outside of the run area by the same motor drive wheel and placed at the starting position prior to the next run. Only one line is in

the run area during each run. Safety is always the number one consideration in running this event

Timing:

Timing will be by electronic timers with a second set of backup electronic timers on site. The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second. The time starts when any part of the dog breaks the electronic beam at the start line and stops when any part of the dog breaks the beam at the finish line. In the unlikely event that manual (stopwatch) timing would be needed, a starter's signal will signal the start when the dog's nose crosses the starting line, and the time will be recorded by two time-keepers, each operating stopwatches individually, when the dog's nose crosses the finish line. The time will be the mathematical average of the two manually recorded times.

Collars:

Dogs may wear any collar except a choker collar, a prong collar or an electronic training collar. Be aware that there is a chance that tags hanging from the collar would become entangled on something during the run. Clips or rubber bands may be used to hold the dog's hair. The owner assumes responsibility for the safety of the dog regarding the dog's collar and paraphernalia on the dog.

The Running Process:

The Paddock Master will coordinate the running of the dogs according to his/her best discretion. Dogs are scheduled according to the preliminary running schedule provided by the Event Secretary. Each entrant will receive a running order AM or PM block via email prior to the event. The schedule will also be posted in the inspection / paddock areas. Dogs will be called to "the line", "on deck" and "in the hole" positions. Dogs that are not present "in the hole" will be moved to the end of the running order in that block. Any dog who is not present by the time that the PM event ends will be considered absent.

If you have a reactive dog and need a “quiet place” we will have barricades set up for you to help keep your dog calm. Communicate with the workers your needs.

NOTE: We strongly encourage individuals to bring their own holders/releasers or make new friends at the site. We will have club members in the paddock areas to help hold spots for dogs who are enthusiastic along with barricades to help keep them calm but we cannot guarantee to have releasers available. Also remember to bring 2 leashes.

The Start:

The Huntmaster directs the start of the test and is in control of the course and oversees all dogs and handlers on the field. He/she shall ensure that the handler understands safe release and retrieval procedures, that the lure is properly positioned, that the dog is properly positioned at the proper set back from the start, that the lure operator, timers and starting line signal person are ready and -- if all is in order -- shall signal the lure operator to start the lure. Typically, the signal to release your dog is signaled by “***tallyho.***”

Operation of the Lure:

The Lure Operator's job is to 1) ensure a safe run by operating the lure correctly, and 2) to get the best score for your dog. If your dog is new, that may mean operating the lure just in front of the dog to maintain his/her attention to get the dog going. (If you don't finish the run, you don't get a score).

Tell the Hunt master that your dog is a new dog.

If your dog is experienced, simply advise the Hunt master about your “fast dog.” He/she will tell the lure operator to run the lure well ahead of the dog to achieve the fastest time. We want you to have a good score.

The Finish and Retrieval of the Dog:

The principal delay in coursing events is the time it takes to retrieve dogs at the end of the runs. Please have someone familiar with the dog at the finish line prior to the time you get into the “in the hole” position in the running order.

MUST HAVE A CATCHER IN THE LANE BEFORE THE DOG IS RELEASED. RELEASER CAN NOT CALL THE DOG BACK TO THE START.

NOTE: If you are having trouble retrieving your dog, please notify the Hunt master that your dog is a “flight risk.” We will attempt to assist in shortening the return field or assist in any way that we can.

Waiver of Liability:

Neither the Field Committees nor the Club will be responsible for the loss or damage to any dog on the event grounds, whether because of an accident or any other cause. It is clearly understood that every dog entered in the test is under the care, custody, and control of its handler during the entire time the dog is on the premises. All owners/agents/exhibitors and other persons attending these tests hereby waive any claim against the club or its agents for any losses, damage, or injuries affecting self, dog, children, or personal property.

Directions to the site

Interstate 41 North or South: Exit (95) to Hwy 151 North (bypass). East on 151 N to Cty V exit. At the roundabout proceed on V South to the first left (Reinhardt Rd). Proceed east on Reinhardt Rd. to the stop Sign. Continue on Reinhardt Rd to the clubhouse on the right.
Hwy 23 from the East or West: Exit at Hwy 151 South on ramp. Proceed on Hwy 151 South (bypass) to Cty V exit. At the roundabout, continue on Cty Hwy V to the first left (Reinhardt Rd). Proceed east on Reinhardt Rd to the stop sign, Continue on Reinhardt Rd to the clubhouse on the right.
