

Quality Policy

It is the policy of ATC-CES Engineering and Metallurgical Services to ensure customer satisfaction by providing services according to specified customer requirements and in accordance with industry best practices. We will achieve customer satisfaction by continually improving processes, products, and services to ensure they meet or exceed customer requirements.

All services will be performed in accordance with the defined quality management system. It is our intent to minimize the cost of nonconformance and to promote continual process improvement. Each employee is responsible for the quality of his/her own work and for following the rules of the quality management system.
