 Vancouver, BC, V5P 4X5

**Water Restrictions ALERT!**

**All commercial cleaners - such as ourselves - are exempt from it. We can do safety or aesthetic cleaning alike be it pressure washing, window cleaning or anything else. And our professional equipment saves on water, too.**

**Summer Roof Cleaning and Moss Removal**

**Your roof has a hidden DANGER: MOSS.**

Roof moss can look so nice sometimes yet it's eating away at its lifespan without any glaring or obvious signs, other than its perpetual presence. Do not fall for it. It's not your roof's natural condition. Instead you can have your roof "demossed": remove it, kill it off. And we've got just the solution with aco friendly, hydrogen peroxide based moss killer (doesn't damage building material, other plants or animals) and a roof friendly brushing or soft washing, and summer time is ideal for this type of service. Ask us for details and recommendations.

ROOF CLEANING, BEFORE

ROOF CLEANING, AFTER

**WHAT OUR CLIENT SAY**

**"I COMPLETELY APPRECIATE ALL THE HARD WORK YOUR WORKER PUT IN TODAY. I AM COMPLETELY SATISFIED WITH THE SERVICE YOU PROVIDED AND THE END RESULT LOOKS GREAT." – JESSICA M. FROM A STRATA.**
