ABOUT THE COMPANY

North South Builders is a licensed and bonded small business that takes tremendous pride in customer care and quality craftsmanship on every project awarded. Over 20 years of experience on both commercial and residential construction projects through our network of highly skilled sub-contractors with a successful track record of operational job site management, strategic planning, and complete oversight of multi-phase construction engagements from start to finish.

CORE COMPETENCIES

- General Contracting & Construction Services
- Professional & Experienced Sub-Contractors
- Highly Skilled Construction Laborers
- Strategic Project Planning & Management
- Building Codes, Compliance, & Processes
- Dedicated, Determined, & Dependable Service

PAST PERFORMANCE

North South Builders' sub-contractors consist of several construction companies that are authorized Federal Government contractors that have successfully completed multiple projects for various clients within the Federal Government. Below is a list of government projects completed by some of our sub-contractors:

- U.S. Army Corps of Engineers
- U.S. Department of Agriculture
- U.S. Department of Interior Family Life Community Centers
- U.S. Department of Interior Local Families and Commercial Properties
- National Oceanic & Atmosphere Administration
