- Coxswain
- Divemaster
- Certificate of Safety Training
- First Aid & Advanced Resuscitation
- Provide Oxygen Therapy

THE VESSEL

Pelagia is an 8 m Noosa Cat providing a stable and capable platform for research, diving, filming and field operations.

VESSEL SPECIFICATIONS

- AMSA 2C Survey
- 7 passengers + skipper
- 30 NM offshore
- Twin Yamaha 225 HP
- 700 L fuel capacity
- Shallow draft

EQUIPMENT

- Furuno GPS, Radar & AIS
- 12 V charging
- AMSA-compliant safety equipment
- Pot winch
- Tow point

FUNCTIONALITY

- Enclosed wheelhouse
- Sheltered workspace
- Internal table & dinette
- V-berth storage

SNORKELLING & DIVING

- SCUBA tank storage
- Side access gate
- Dive ladder & duckboard
- First aid, Oxygen, AED

OUR SERVICES

MARINE RESEARCH

- Scientific diving support
- eDNA sampling
- BRUV deployments
- Ecological surveys
- Tagging & tracking projects
- Environmental monitoring
- Equipment deployment & retrieval

FILM & MEDIA SUPPORT

- Documentary production support
- Underwater filming
- Wildlife filming
- Drone operations
- Camera crew support
- Topside filming

LOGISTICS & FIELD OPERATIONS

- Crew transfers
- Equipment transport, deployment & maintenance
- Remote field support
- Sampling & survey logistics
