

*Wanting to book an appointment but feeling a bit shy or unsure?*

I get it! Booking with a stylist you haven't met yet can feel like going on a blind date, to an unfamiliar place.

That's why I offer a "meet and greet" at no charge!

You have the option to request...

A 15 minute phone chat to answer questions you may have, with a follow up email including pictures of the space you will be visiting.

- OR -

An email that provides you with a few pictures of the space you will be visiting and answers to any questions you may have.

My goal is to make your appointment and time being my guest welcoming, enjoyable, and comfortable. You are totally welcome to book your desired appointment without meeting first, but feel free to request one of the "meet and greet" options as well.
