SECTION IX. COLLECTION PROTOCOL

The Board of the Association is charged with overseeing the administration of the Association, including but not limited to the collection of assessments and other charges from the members. Late fees and collection costs may be charged for unpaid amounts. The Association has engaged the services of a professional association management company (including all agents of management company, "Manager") to perform day-to-day administrative tasks on behalf of the Association and may or has engaged a law firm ("Firm") to provide collection services through a licensed

attorney. The timely collection of assessments is critical to ensuring that the Association can remain fully-funded and capable of fulfilling its duties to the members, and as such the Board desires that delinquent assessments be collected with a minimum of delay and expense.

The Board hereby authorizes Manager and any successor management companies/management company agents retained by the Association with the authority to communicate with any Firm engaged by the Association with regard to collection activity, and the Board hereby authorizes, once the account is turned over to the Firm, for all successive collection steps to be carried out by the Firm on behalf of the Association should amounts remain unpaid, without further vote or action of the Board. This authority includes without limitation all statutorily-required notices, all title searches, and other steps consistent with Firm's standard collection protocol³. This authority notwithstanding, Manager, and any successor management company, shall communicate with the Board and/or certain designated officers on a regular basis with regard to collection actions, and the Board reserves the right to establish policies with regard to collection efforts generally and to make decisions about particular collection actions on a case-by-case basis if and when it deems appropriate. The Board may terminate collection action on any owner account at any time.

SECTION X. POOL ENCLOSURE FENCING

All alteration and improvements to the common elements including limited common elements require prior approval of the association. This rule should not be construed to imply that any owner may construct a pool; it is a rule adopted due to legislation passed in 2021 in Texas related to condominiums.

"Pool enclosure" means a fence that:

- a. surrounds an existing approved water feature including a swimming pool or spa;
- b. consists of transparent mesh or clear panels set in metal frames;
- c. is not more than 6' tall at any point; and
- d. is designed not to be climbable.

Subject to this rule, owners may install a pool enclosure around a water feature located solely on property wholly owned by the owner.

All pool enclosures must be black in color absent express approval of alternate color(s) by the architectural reviewing body of the association. The architectural reviewing body may approve an alternate color but has no duty to do so.

All pool enclosures must consist of transparent mesh set in metal frames absent express approval of an alternate construction design by the architectural reviewing body. The architectural reviewing body of the association may approve an alternate construction design but has no duty to do so.

All pool enclosures must be maintained in a neat and attractive condition.

All plans for any pool enclosure must first be submitted to the architectural reviewing body for approval and approved by the architectural reviewing body prior to construction. All architectural requirements of the dedicatory instruments shall also apply, except to the extent expressly in conflict with this rule.
