Jane Durgom-Powers 1964 Convertible Thunderbird

Even less popular (at the time) was the Sports Roadster of 1962-63, an *ersatz* two-seat convertible created by concealing the rear bench with a removable fiberglass tonneau cover. After just 455 sales in '63, Ford ditched the Sports Roadster as a distinct model, but offered a re-styled tonneau cover as a \$269 option for *all* '64 soft-tops. Sales flopped to fewer than 50, but one of those was delivered to the father of Jane Durgom-Powers, who still has the factory invoice to prove it. Jane brought the all-original convertible to Princeton, where it achieved a second in the Primary class, and qualified for a Wixom Preservation Award.

Happy Easter & Passover

El Presidente

Hi Everyone,

First Outdoor Meeting of 2024, Wednesday, April 17th at Burger King in Farmingdale Car & Guitars Sunday April 21st Millers Ale House - Commack

Hope all are well and safe. With April of 2024 just around the corner our first outdoor meeting is Wednesday April 17th at Burger King in Farmingdale at the intersections of Route 110 and Main Street. Show up time is 6 PM and on. Also, for the last seven years we have supported Cars and Guitars at Millers Ale House in Commack and this year the event is on Sunday April 21st. The flyer is in our extra pages for this edition of BT. this is not a trophy event but a fundraiser for "Hope for the Warriors." Just a heads up for April 21st: we try and meet early and park our Thunderbirds at the show and walk, and in my case hobble over to the diner which is a short distance away for breakfast. Please try and be pro active with your e-mails and as we get closer to the event, I will e- mail everyone where we are meeting etc.

Wednesday April 17th @ Burger King

Burger Kings Wednesday April 17th / First Outdoor Meeting 2024: BK is at the intersection of Route 110 and Main Street in Farmingdale. Start time is about 6 PM and from the Southern State Parkway take Exit 32 North and when you exit the Parkway get over to your left immediately and make a left at the traffic light and after a very short distance you will see the entrance to BK on your right. If for some reason, (mainly the weather), cancels us it moves to the following Wednesday April 24th.

Brick for Ken

Ken Weinberg's Brick: In the extra pages you will see a picture of the brick at the Vanderbilt in Ken's Name. As we get closer to August third I will have more info about the unveiling.

My CD Collection

My CD Collection: Without a doubt I have a large CD collection and right now I'm downsizing. What does that mean to you? It means free stuff. I think I have at least 300 plus with a couple of box sets. The only place I can play them is in my Jeep. I used to have a CD box in the Bird but that died last year, and the years before. If you still play CD's in your vehicle, and you would be interested in still having what I, have please let me know. A really good example is I bought a Garth Brooks; Beach Boys Box set and never really used it. So if interested, contact me.

Another FYI from Uncle Tony C

Uncle Tony Coloneri Strikes Again: It's another article from Uncle Tony C it's in our extra pages and it's all about your tools and some cases maybe it's all about your tools.

A Special Thank You

A Special Thank You to Two Great Guys: First on the agenda is Rich Kamin from Valley Stream who drove and picked me up from JFK for my trip to North Carolina to visit my son and grandson. Next is Ron Kohlmann who met me at Firestone in Lake Grove when Big Bird was getting new rubber and when the car was done drove me to pick it up. Plus he bought me breakfast. Thank you both.

Two New Members

New Member #1: Peter Martin from Danvers Massachusetts with his 1988 Thunderbird. The story goes like this: Peter works for Toyota of Danvers and I've been up to his dealership three times in the last couple of months. On my second trip we talked Thunderbirds and the rest is history. He joined Monday March 4th. When I arrived with my swap and joined up he also gave me money for our charity Building Homes for Heroes.

New Member #2: David J Janicki with his 1969 hard top. David hails from Wallingford Connecticut. We have known each other for many years. Dave has his own shop in Wallingford and is a Wonder Book of Knowledge when it comes to cars. For me he will always be Dyno Dave.

Cars & Guitars – Millers Ale House- Commack

Cars & Guitars Sunday April 21st / Millers Ale House Commack: We have been supporting this event since it started. This is non trophy event and we meet early on the 21st park at Millers and then off to the Diner which is a short distance away for breakfast. As we get closer I will have more info for all. The flyer for this event is in our extra pages.

Good Morning America

Sunday March 3rd/Breakfast with the Boss: A rainy Saturday, too many wet roads for the trip to Lindy so nobody brought their Thunderbirds. Excellent turnout with fifteen LITC members and I gave out flyers again for the show and three more members signed up. I apologized to Carl Carilli because in the last newsletter I think I misspelled his name three times. In attendance were, and not in any alphabetical order, Paul and Felicia Rosena, Jeff Newman, Billy Rapel, Rich Kamin, Tom & Jim DeNunzio,, Roger Stamile, Kurt & Chris Langer & Girl Friend, Carl Carilli, John Karahalis, and yours truly.

Who Loves a Parade?

Huntington Unity Fun Day/Saturday April 6th: Charlie Armstrong has reached out to us to see if we would like to participate in the April 6th fun day event and parade. The flyer is in the extra pages of this newsletter. Start time for the staging area is 9:30 at the Jefferson Primary School 253 Oakwood Road in Huntington. If interested in bringing your Thunderbird please reach out to me. I will be there...

Mustang Shelby Club of Long Island

Some Mustang Club Show Dates & Pre Register Info: Presently, there are a group of shows that if you want to participate you must pre register. First one is the Pt. Jeff Ford on Sunday June 9th (not a pre reg date) and Newins Ford on Saturday September 7th which is a pre reg date) Also, there is a rumor that they have been invited back to the Vanderbilt at the end of September. As of the date of this BT there is no further info on any of the three shows so stay tuned in future BT's

Motor Mouth Radio

Motor Mouth Radio: Ray Gaurino and Chris Switzer. Two great guys that have allowed Dennis Benfante, Ken Weinberg and yours truly to come on their radio show and talk about everything from cleaning your bowling balls to me making jokes and nobody ever laughs. They have had our backs since our first show (17) years ago at Syosset Ford, and now Dennis and I are back on Sunday September 29th for info and hopefully some Yuks. Their logo also appears on our show T Shirts.

So Where Are We

So Where Are We: As of this edition of Bird Talk our club roster is at fifty three active members? This is about the same number as of end of last year. There are six members who have not paid their dues for this year and they know who they are. This is final pass and just to let them know that they will be removed from our active member list unless their dues is paid. Sorry, and you will be missed.

Stay safe and warm. Make sure you get your shots, wash your hands and you're welcome...

RE: TOOLS THAT SURVIVED TIME

	PATENT DATE	DESCRIPTION
1. RATCHETING WRENCH.....	1863.....	Tighten/loosen bolts.
2. BENCH VISE.....	1886.....	Secures objects to work on.
3. PISTON-RING COMPRESSOR.....	1854.....	Temporally reduces Ring Dia. for assembly.
4. SCISSOR JACK.....	1908.....	Raises the car to facilitate repairs, flats, etc.
5. VISE GRIP.....	1923.....	Many uses for holding parts in place, etc.

The above description is only a general explanation and is meant to show limited usage. (1)

I personally have used all of the above mentioned tools, including many others, during my various activities related to the automobile hobby we all share. It is hard to believe the basic design of each tool remains unchanged since their inception. Also, among the many other tools that are used today, I am sure their inception dates back long ago.

This reminds me that the modern cars that we drive today are not made for the person that works on old cars, (including me). Meaning, it's almost imposable to get ones fingers inside... take a look at the engine compartment, and you will agree. All of the components are very close to each other, and therefore do not offer any involvement for us to work on them. Therefore, special tools are obviously required, besides the 1 to 5 listed above.

**We are excited to announce
the additional support for Police.**

Our mission is to reduce the number of veteran and first responder suicide victims through early intervention. We intend to achieve this by providing our nation's first responders with the ability to recognize transitional or Post Traumatic Stress, the knowledge of how to connect with the service members and the community resources to make referrals. Our nation's first responders routinely have contact with struggling veterans long before they reach crisis. This pre crisis contact is the key to reducing the veteran suicide rate.

- Teaching our nation's First Responders that **It's ok not to be ok**
- Helping first responders and their families recognize the symptoms of PTSD
 - Connecting our heroes to local resources
- Preparing the next generation to deal with the stresses of their career
 - Reducing the Stigma of seeking help
 - Removing the mystery around PTSD
 - If we save just one, its all worth it!

Representing Sellers and Buyers of Fine Automobiles

Are you looking to sell your Classic or Special Interest Automobile?

I can achieve that goal. I will appraise the car, photograph it, and create an eye-catching listing which will be visible world-wide. I will show the car to qualified prospects, and close the sale.

Your treasured automobile will stay safe and sound with you during the entire process, so you can continue to enjoy it until it is time for it to go to its new home.

Are you looking to own and enjoy a Classic or Special Interest Automobile?

I will search for that special car, using all of my resources and contacts. I will inspect and appraise it or arrange to have it inspected by another professional. I will also negotiate the best price for it on your behalf. And, if needed, I will have it transported to your location.
