## Cover Sheet to Constitution

### Board Directors and President Fred Simon objections to this Constitution

Section 3.01: This states that a member must have "...at least one of their ancestors having been the slave of an Euro-American..."

Section 4.01: This section indicates that this is a "work-in-progress": "Upon approval of this Constitution by the Secretary of the Interior..." This goes against the request of the Tribal members to replace the Non-profit Corporation Bylaws with this Constitution.

Section 4.01 (D): This is a discriminatory practice and possibly illegal actions. Mental illness and treatment cannot be forced upon U.S. citizens. Someone's "opinion" about a person's mental state cannot be used against them to reject them from participation in a "nation."

Section 6.01: This section supports above interpretation on Section 4.01, that the "constitution is a work-in-progress": "...upon approval of this Constitution by the Secretary of the Interior..."

Section 7.11: This section supports above interpretation: "NTL-PC shall advise the Secretary of the Interior..."

Section 8.04: This section supports the above interpretation: "NTL Council representatives in office on the date in which this Constitution is first approved by the Secretary of the Interior..."

Section 8.07 (A): This section is in direct contraction to the NTL non-profit corporation being composed solely of volunteer Board of Directors and Officers. The "volunteer" status provides these individuals with indemnity from the State of Louisiana. "NTL Legislative Secretary shall be a voting NTL member and shall serve as an employee of NTL's Legislative Branch. The salary of the NTL Legislative Secretary shall be established and approved by the NTL Council."

Furthermore, the NTL Council is NOT A LEGAL EMPLOYER, has no type of insurance coverage, nor follows any employer-employee laws.

Section 8:08 (A): This section also infers an employer-employee relationship: "The NTL Treasurer's salary shall be established and approved by the NTL Council."

Section 8.09 and 8.10: These are contradictory. 8.09 declares a quorum as being "...at least one-half of the installed NTL Council..." But 8.10 declares that a "simple majority of votes of total installed NTL Council..." is necessary to perform any functions.

Section 11.02 (C): This section may be illegal "The official subject to a recall petition may file with the NTL Council a statement in response and/or defense of the claims made against him/her of not more than five hundred (500) words."

Article XII; Disposition of Assets: This is a requirement for a 501c3 nonprofit organization, as is stated in this article. The NTL Council is NOT a 501c3 nonprofit organization. It is only a "committee" under the authority of the Board of Directors of the official 501c3 NTL non-profit

corporation. There are many contradictions between the rules put forth in this Constitution and the legal requirements of an IRS tax-exempt organization. In specifics, the role of “family” interactions, while a fundamental part of Tribal Nations, is not the legal requirements of an IRS tax-exempt organization, which has multiple rules and regulations regarding “family” members being in key positions.

Article XIV 14.01 and 14.02 are contradictory. 14.01 states that the Constitution may be amended by a majority vote of installed NTL Council representatives. 14.02 states that the Constitution may be amended by a majority vote of the qualified NTL voters in an election called for that purpose by the NTL Council...upon receipt of a petition signed by thirty (30%) percent of the total number of qualified voters of NTL.

Here are the objections to these contradictions:

In Article IV, section 4, it states that “NTL elections and appointments will be conducted by secret ballot. Voting results will be certified by an independent organization.”

4.03 states that council representatives “shall be elected by voting members of each distinct family unit” and then 8.02 states that there is a maximum of 25 council members. That means that a mere 13 people HAVE CONTROL OVER CHANGING THE ENTIRE CONSTITUTION WHICH REPRESENTS AT LEAST 1,600 Vetted Tribal Members!

Article IV, 4.01 states that “All NTL members have the right to vote in an election” except certain people excluded (illegally!). But throughout this constitution, all “voting” powers for all issues is given to the Council! What “right to vote” is the rest of the tribe given?

A petition signed by 30% of the total number of qualified voters of NTL means that with an enrollment of 1,600 individuals that means at least 480 people must sign a petition! HOW ARE THESE PEOPLE EVEN NOTIFIED ABOUT ANY PROPOSED CONSTITUTIONAL CHANGE?

Section 4.06 (F) requires “maintenance of a list of qualified voters”. But there are no rules about how to contact them, nor even verify that got any mail or email or telephone call.

IN SHORT, THIS CONSTITUTION IS SET UP AS A DICTATORSHIP! That is not how a Federally Recognized Tribe is run!
