

2021 HR 1976 MFA bill cosponsors

These Democratic Representatives and Senators either were cosponsors of the Medicare for All bills in the previous session or are key ones to ask to cosponsor the new bills as they're introduced. Please call their offices, repeatedly, to urge that they be cosponsors. Email longer explanations, articles, etc to their Healthcare Legislative aides (LAs). Ask that they hold hearings on the bills. Explain that this is a moral issue of racial justice, why incremental steps won't work, and why eliminating private insurance is the only way to reduce the 34% administrative overhead waste. Let's get a ✓ by every name!!!

Suggested script:

If you're a **constituent**, say that and give your zip code. If not, say you're calling as a member of PNHP or other group. If they agree to cosponsor, thank them profusely!

"May I please speak to Rep. ___'s healthcare legislative aide? (probably won't be available)

My name is ____, from ____. I'm calling on behalf of (PNHP or other) to encourage Representative _____ to cosponsor HR 1976, the Medicare for All Act reintroduced by Rep. Jayapal and to hold Committee hearings on the bill. I believe that genuine Medicare for All as will be described in the bill offers the best solution for our national healthcare problems. Thank you for taking my call."
