

U and Universal

We're proud to support families who have children with autism and other special needs. Recognizing that the Chuck E. experience can be very stimulating for any child, we made it our mission to create Sensory Sensitive Sundays®, where we have a trained, caring staff who works to ensure everyone has a fun-filled visit. Because we believe ALL kids deserve the opportunity to just be a kid.

Participating locations will open two hours early on the first Sunday of the month to offer a sensory-friendly experience for families.

Did you know?

March is National Social Work Month.

National Social Work Month recognizes the dedication and empathy social workers across the country deliver while providing services to children and adults in need. Social workers are advocates, advisors, counselors, and facilitators in schools, clinics, businesses, and government offices.
