

U and Universal

October is National CyberSecurity Awareness Month (NCSAM). NCSAM is a government and private sector partnership that raises awareness about cybersecurity and stresses the collective effort required to stop cyber crimes, online thefts, and scams. Find out more and read tips on how to protect yourself and the company from potentially harmful issues by visiting:

Did You Know?

Universal provides mask and gloves for our employees. If you are in need of a mask or gloves, stop in at any office location or let your supervisor know.
