

Roshae Darville, Enterprise Risk & Compliance Assurance

Roshae Darville leads Enterprise Risk Management and Compliance Assurance programs at Cox Enterprises, where she oversees the design, execution, and continuous advancement of integrated risk frameworks that drive strategic alignment, strengthen governance, and enhanced risk-based decision-making.

With senior ERM leadership roles at Assurant, Humana, and Jackson Healthcare, Roshae brings deep experience in building risk programs across dynamic industries. She is especially passionate about embedding formal ERM methodology and risk culture into day-to-day operations—while leveraging technology, automation, and innovation to build scalable, sustainable risk management practices that evolve with the business.

Roshae holds a B.S. in Economics & Finance from Benedict College, an MBA from the University of Louisville, and a Master of Science in Enterprise Risk Management from Boston University, where she also earned a graduate certificate in Business Continuity.

Outside of work, Roshae enjoys exploring new destinations and discovering culinary experiences that reflect her love for culture and curiosity.
