

Kenya Irvin

Kenya Irvin is a Senior IT Analyst in Internal Controls Governance at Cox Automotive, where she focuses on evaluating technology risks and strengthening internal control environments across enterprise systems. In her role, she partners with business and technology teams to assess control design, identify gaps, and help

organizations build sustainable, audit-ready processes.

Prior to joining Cox, Kenya worked in risk advisory, where she supported audit and compliance engagements across a range of industries. She holds a Bachelor of Business Administration from Valdosta State University and is a Certified Information Systems Auditor (CISA) and CompTIA Security+ certified.
