

Donel Martinez – Director of Engineering, CISSP, CISA, CAMS, Scrum Master

Donel serves as a Director at Myna Partners, bringing over 16 years of comprehensive experience in risk management, advisory, and governance across various industries. Prior to joining Myna, he was a risk leader at CDW, formerly Focal Point Data Risk, where he led initiatives in cybersecurity, privacy, information governance, risk management, and audit services. His extensive background equips him to guide organizations through complex regulatory landscapes and enhance their data protection strategies.
