Reiki, Sound Vibrational Reiki and Biofield Tuning Disclaimer

Reiki, Sound Vibrational Reiki and Biofield Tuning and its associated processes should not be relied upon as health, medical, psychological, or other professional advice of any kind or nature.

Reiki, Sound Vibrational Reiki and Biofield Tuning are modalities of energy self – healing. They are designed to assess where the body’s energies are blocked, trapped or not in harmony. The theory of energy medicine methods is that the flow and balance of the body’s electromagnetic and subtle energies are important for physical, spiritual, and emotional health, and for fostering overall well-being.

You understand and accept that when utilizing Reiki, Sound Vibrational Reiki and/or Biofield Tuning the practitioner is not “diagnosing” or “treating” the physical body, which is domain of the medical field and other health care professionals. Instead the practitioner is connecting to the subtle “bodies” of the client that make it possible to manifest a change or transformation. In other words there is a distinction between “healing” using Reiki, Sound Vibrational Reiki, Biofield Tuning and the practice of medicine or any other licensed health care practice.

in the United States, energy therapy methods such as Reiki, Sound Vibrational Reiki, Biofield Tuning are self regulated and the State of California does not license, certify or register Reiki, Sound Vibrational Reiki and/or Biofield Tuning Practitioners.
