

The Mazzaroth

(Pastor Vaughn, Part 13 – fhtv.tv #2096)

Cancer, the Crab, is next in sight.
Much to learn about here.
Yahweh is protecting us in the fight,
calming all our fear.

Crab in Hebrew is “klaria”
picturing a “sheepfold”.
In times of trouble and hysteria,
He hides us from the dark and cold.

In Arabic, Crab is “Al Sartan”,
“to hold together and bind”.
Yahweh has allowed the attack
so each other we would find!

Crab in Greek is “karkinos”,
“to encircle or to hold”.
His angels camp around us,
His Spirit makes us bold.

Cancer in Latin is “kahn”,
“a traveler’s rest or inn”.
We have entered into His rest,
safe from a world of sin.

The Acadian name for Cancer,
“Possessor of the Seed”.
We are possessed by Yahweh,
children of Abraham indeed!

This Crab represents a shelter
and a hiding place
while we wait for that Day
we'll see King Yahshuah's face!

But discern the difference between
the make-believer and the true.
If they aren't producing good fruit,
it doesn't matter what else they do.

For the strong winds will blow
and they won't be able to stand.
Then everyone will know
they were building their lives on sand!

The Man-Child will soon be born.
We must stay united!
Let nothing and no one between us
and never be divided!

The true church is crying out,
laboring to give birth.
We're moaning and groaning
to bring this Son to earth
