

The Sacred Simplicity of the Sabbath

Pastor Vaughn, Chapter Four

Fences that Become Fortresses

The Pharisees of old erected
“fences around the law”
designed to protect the commandments
and those who obeyed them from a fall.

But those fences became barriers
to Yahweh's grace and rest.
They created distance and a burden,
putting Sabbath-keepers to a test.

You may have personal boundaries,
but do not place them on others.
Messiah bids us always act in love
toward our sisters and brothers.

Love, not legalism, defines true devotion.
Walk freely in the Sabbath Day's delight
If we follow the guidance of the Holy Spirit,
we will always get it right!
