## **“Buying and Selling”**

When you see a pattern  
repeated throughout the Word,  
it's there to get your attention  
to explain a truth you heard.

When it comes to buying and selling,  
it's not referring to market trade.  
It's meaning goes much deeper.  
New truth is being displayed!

To “buy” means to accept  
and embrace with our mind.  
To “sell” is to empty out  
all thoughts not refined.

Before we can buy truth,  
we must empty our mind  
of lies and deception  
and leave traditions behind.

Truth is a pearl that comes  
at a very high price.  
It can never be bought  
without much sacrifice.

And the only way to keep this pearl  
is to refuse any mixture.  
Truth must stand alone  
and be your only fixture!

What you are willing to buy  
determines your destiny.  
Buy the truth and never sell it.  
Truth will keep you free!

But there are those who will offer you  
what they think you ought to know.  
If it doesn't come from above you,  
it will reverse the flow!

Truth flows from above.  
This is the only safe source.  
Beware of all other words  
that could take you off course!
