

The Sabbath

You make plans for the Sabbath,
from work you've been set free.

It is a day of rest – but
did you make some time for Me?

You faithfully study My Word,
and that is very good.

You make time for fellowship
and you absolutely should.

And family is important,
but I wait so patiently
to see if you have set aside
some special time... for Me.

Don't say you “keep the Sabbath”
in all you say and do,
unless I am invited
to spend some time with you.
