

# **The Sacred Simplicity of the Sabbath**

## **Pastor Vaughn, Chapter Six**

### **This Was Instructional**

Before man could govern creation,  
to the Creator he had to submit.  
Before he could speak with authority,  
he learned to hear the Spirit.

This is the divine blueprint:  
rest precedes the right to reign.  
Identity comes before activity.  
Yahweh made it very plain.

There was only His Presence  
in that garden so fair.  
No temple, no priesthood  
no nation was there.

Intimacy with Yahweh  
is a sacred connection.  
The foundation of future dominion,  
Yahweh's plan of perfection.

The Sabbath is the framework  
where man learns his proper place,  
keeping divine appointments  
and the testing he must face.

Every Sabbath we return  
to the rhythm of the covenant  
where obedience brings freedom  
preparing us for His government!
