

The Sacred Simplicity of the Sabbath

Pastor Vaughn, Chapter Six

The Garden Pattern Restored

The Sabbath is part of a pattern,
not legally required,
a rhythm of relationship
by Yahweh inspired.

A sacred inheritance from Eden
re-established by command.
We are told to remember
there is a rest for man.

Yahweh says it is a sign
of those in His covenant,
of a relationship restored
preparing for His government.

This ancient rhythm of days
is a blueprint of peace
in this fractured world,
where chaos can cease.

This weekly observance unites us
with generations of the past.
We carry their legacy forward
until we hear that trumpet blast!
