

## **Praise is not Enough!**

When you are in a battle  
with sickness and disease,  
there is a road to healing  
that will put your mind at ease.

Ask Yahweh the reason  
for your current situation.  
He will gladly show you  
through divine intervention!

Praise is a weapon  
that will help you win  
but praise is not enough  
for the battle that's within.

Healing begins on the inside  
and affects your thoughts and action.  
The words that you speak  
reveal your spiritual traction.

Speak life to your body,  
stand firm on His Word.  
Pray His Will be done  
and claim the truth you've heard!

Like Abraham of old  
trusted Yah with all his heart.  
He didn't understand  
but was ready to do his part.

Our faith must be active.  
Our words determine our fate.  
Praise is not enough  
when faced with no rebate!

Work with Father Yahweh  
with all your heart and soul.  
And soon you will be  
healthy, happy, and whole!
