

THE MISSING MANCHILD

Part 2

“Abortion Revealed”

By Pastor Shane Vaughn, First Harvest Ministries

Let's go to Revelation 12. Hallelujah. Thank God for his word.

Revelation 12:1-5

1 And there appeared a great wonder in heaven: a woman clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars.

2 And she, being with child, cried out, laboring in birth, and pained to be delivered.

3 And there appeared another wonder in heaven: And behold, a great red dragon, having seven heads and ten horns, and seven crowns upon her heads.

Isn't that something how that dragon's called a *her* there. Maybe not in your translation, but it should've been translated like that.

4 And her tail drew the third part of the stars of heaven, and did cast them to the earth. And the dragon stood before the woman who was ready to be delivered in order to devour her Son as soon as He was born.

Let me “read” that again. And the abortion doctor stood before the woman who was ready to give birth to her child in order to devour her son soon as he was born (partial-birth abortion).

And the abortion doctor stood before the woman who was ready to have a child. Why was he standing there? To kill her son as soon as he was born.

5 And she brought forth a Male, a Son, Who was to rule all nations with a rod of iron. And her Son was caught up unto Yahweh, and to His throne.

Now what's interesting is, she's in the position of openness, ready to give her baby, and there's stands the dragon, the abortion doctor. He's ready to poke that syringe right when that baby comes out. But isn't it something that the minute

the baby slips out, before the dragon can get it, the Bible says that he shot up to the throne of God. Hallelujah.

I'm doing part two tonight of The Missing Manchild, (Revealing the Spirit of Abortion). In part one, I taught you about abortion and I said to you...now be careful unless you think I'm talking about abortion. I said you're going to think I'm preaching about abortion but I'm not. But you have to understand abortion to understand what I need to teach tonight.

A few weeks ago I preached a message called Hidden in the House - Athaliah Revealed (firstharvest.tv/video/2647). You may not remember. But it was about a little boy named Joash. Do you remember Joash? Tell me about him. Who was his grandma? Athaliah. That was a revelation from the Lord. If you're not watching these sermons, you're truly missing out. Because there is so much meat in these sermons. There's so much good...ya know, when my grandmother cooked, it tasted better the second time, and the third time. Amen? And so as you listen to these sermons, it just gets better because it's not just talk. It is the depths of the word.

But I didn't know when I preached on "Hidden in the House" that this sermon was coming next that I'm preaching on tonight. I had no idea how they were going to tie in together. But tonight, as I was getting ready for the service, all of sudden the Lord said remember "Hidden in the House" and I want you to keep that sermon in mind tonight while I'm preaching this sermon as well. And let them all mesh together for you.

We see a woman in the book of Revelation—if you're not careful—you'll see that as a literal woman. That's the problem people have with the book of Revelation. They read it with a carnal mind. And if you read the book of Revelation with a carnal mind, then you're going to get all kind of absurd doctrines and teachings out of it.

One absurd teaching is that we always thought a literal city was going to float down from heaven and sit here on earth, a big square. I've seen them draw pictures of it, big 1,500 mile long city coming down out of heaven. We've always believed that. If you're not careful, you'll see gates made of physical pearl. You'll see big pearly gates. And that's going to be your challenge in the book of Revelation, is knowing when it is literal and when it's figurative. And it's literal very few times. Ok?

So when we get to this woman, we see a woman who is dressed in the sun. She is sun-clad, but there's something special about this woman. This woman has the

moon under her feet, and the sun around her. This woman is a special woman because she is carrying inside of her a child.

Now I want to talk to you about that child. Friday night I spoke about physical children and Roe v. Wade. Tonight I want to show you this woman and where the child is—he's in her womb. And the mother and the child are in *one body*.

It's going to take your ears to open tonight. The mother and the child are totally separate but yet they're totally together. Ok? Any time I preach slow like this know that I'm getting somewhere, ok? Alright. So just know that because when we bust this thing open, you're going to know where we were headed this whole time.

The mother and child are united in one body. What the mother eats, the child eats. Who's your mama—what church is feeding you? Hallelujah. This is why Yahweh has had to jerk many of you out of the womb of that other mama because you were eating what she was eating. Amen. You were eating Trinity food. You were eating unclean food. You were eating rapture food. I could go on. You were eating incarnation food. You were eating food from a mama that will never produce the *Manchild* ever. Amen?

I tell people all the time, if a Baptist goes out and saves a person, they've created another Baptist. If a Pentecostal goes out and saves a person, they've created another Pentecostal. If a Catholic (well they don't save anybody), anyhow, if an Episcopalian goes out, they've created an Episcopalian, or a Methodist creates a Methodist.

Only a Word Church can produce the son of God. You see, religion will have a baby, but it's a baby of religion. It will be a carbon copy of their mama, alright? So, Yahweh has looked on this church in this hour that are feeding his sons the wrong food. Because what the mama eats, the child eats. Now you might understand that scripture a little bit better... "come out of her my people". Because you're in the womb of religion.

I can prove that you're in the womb of religion. Anyone who's in religion is not interested in the Word. They're not. Now they love their church. They're interested in their church programs. They're interested in going to the headquarters. They love church! But they are not interested in the *study* of the Word. I promise you that.

They feed on the programs of the church. Not only the programs of the church, but the "show" of the church. They love to have good church, but when you say, hey, why don't you open your Bible and let's study from Genesis to Revelation, all

of a sudden you'll find out that, well, I would (looking at their watch), but it's time for "church". Hallelujah.

What the mother eats, good or bad, is transferred to the child. The condition of the mother will be the condition of the sons of God. Listen now. God called the church for a very specific reason. And it is to give birth to the sons. Oh Lord help me tonight because I've got a long way to try and get this out.

If you have a dead mother then you have a dead child. Now it will look like it's alive, but it's dead, ok? The carnal church of Rome will produce an Ishmael. When you find religion, it will produce an Ishmael every time.. Who was Ishmael? A child of the flesh. When you go to a church, they tell me all the time what we need to do to grow the church. *Pastor if we just had this, or if we just had that.* You don't understand. There's a reason I don't do any of that. I don't want those people in my church.

If that's what it takes to get you in the church—a program, or this or that—no, no. There's only one thing that we have here. And it's the truth of the word of God! And that will produce a healthy son of God. I'm telling you something children, if you find truth, it's more precious than gold. And you'll do whatever you have to do to be in the presence of truth. Because only in truth will you be free from the deception that we saw under a circus tent last night.

There is a reason I cannot be deceived. I know that book too good. I know that book too well. From Genesis to Revelation...why do you think I stood alone against these massive deliverance services when nobody else did? I knew there was a wrong spirit behind it. Why? Because I looked in the book and I never saw any of that in the book!

There was a reason that I stood against the flat-earth movement. Not that I care if you believe in it or not, I don't. But I know in this book, I don't see one place where I'm told to preach anything but the gospel of the coming kingdom of God! That's all that matters! It's distractions. I have stood for truth alone!

And that's the reason I haven't gone into those rabbit holes, even in the election, I never did. Do you know why? I know this book too well. I know it from front to back, and you cannot deceive the elect of God. The elect of God cannot be deceived. And the only way that you'll not ever be deceived is you better find a ministry that is teaching the book from Genesis to Revelation!

I watched these two men last night, and I'm not here to berate people, I love people. But I've got to say this. The one man on the left called Sabbath-keeping demonic last year, and the other man on the right that is debating that man, that

brother doesn't believe Torah is for today. And I'm looking at all this junk on a platform. And I looked at our little church that's not nearly as full as the tent or anybody else, and I had to thank the Lord for that little child that's growing in the womb right here in Waveland, Mississippi! I'm thankful for it! I'm thankful for the pure word of God.

Hallelujah! I said I'm glad to know a kingdom is coming. That joy is coming in the morning. If it comes to a round earth or if that joy comes to a flat earth, I don't care as long as joy comes!!

But when you're carnal-minded, the carnal mind feeds on these nonessential things. The carnal mind wants to know more than you know. The carnal mind wants to glory in what all we know. You know, they want to glory that we're so dumb NASA got us. Listen to me, I don't care how dumb I am in the world—I'm not dumb in the Word, ok? So I'm just not going there.

Now, I've come to tell everybody in this church tonight, believe what you want to believe. But as for me and this house, we are training for reigning, and schooling for ruling. We're preparing for the coming of the Lord, and that is what Satan hates about this ministry. God is calling us to feed a pure word. A pure word.

Do you know why I don't focus on demons? Is it because I don't believe in demons? Oh absolutely I believe in demons. They've been in this church. I believe in demons. I just don't believe in glorifying demons, amen? And I promise you one thing. If you want to see a person get delivered from a demon, take him in a back room where they're not getting any more attention, and they'll be free in about 30 seconds. It happens here all the time. The minute they start spitting up, I say...get 'em out! Put 'em in there and they're through. They got delivered before they even got back there.

Why? We're feeding a pure word. And here's the word. If you truly want deliverance, set your butt down in one of these chairs. Sit there every time that door's open. Sit there, right there, every time that door's open and before you know it, you won't recognize yourself anymore, you'll be a new man and a new woman because the power is in the Word!

The power is in the Word !!

Amen. You can set someone free momentarily. How many times did you get set free elder in a prayer line at an altar? You get set free, and you walk out that door saying "I'm free!". And you walk out that door with no word-power in you. And the Bible said they come back seven times worse than they were to start off with. And I think we're doing more danger to people than we are good when we give

them this false illusion that they've been delivered. Listen to me. Until the Lord opens your grave, you have not been delivered. Do you understand me? You are *being* delivered! Hallelujah!

And so God is calling our church, those around the world that are part of this ministry, to deliver a *pure word*. And that has been my challenge. I lost so many followers—Toto, not me—when I would not go down that trail. When they gathered in Dallas for JFK to come back with Trump, they called and asked me to come. I told them not only will I not come, I wouldn't even show my face around there. Because listen darling, I know what God told me. God said "the lion will roar in '24". He told me that in '20.

I stand on a sure word. This ministry's built on a sure word. And we've never had to apologize. We've never had to hide our face. I've been showing up on that camera every night, every two nights, for three years. Why? We build it on the Word. But carnal-minded people don't like the word. Only spiritual-minded people.

Your job is to never fall into the bane of carnality—to where you love knowledge more than wisdom. Because what we saw last night on that debate stage was not wisdom. It was knowledge, but no wisdom.

I want you to listen to me. We have to learn brothers and sisters, that if you know that you have the truth, you don't have to tell anybody about your truth. You don't have to go out and convince anybody. They will see such a change in your life that the truth will speak for itself!

We don't have to knock on anyone's door. I don't have to go down to this church down here and say...hey ya'll are not keeping the right Sabbath day you bunch of #%@! No. We don't have to do it. I'm going to be right here 'keeping the Sabbath' — do you understand? And they drive by. They see where we're at on a Friday night. Why are we there? Because we're trying to walk in a pure message.

We don't hate anybody. We're not against anybody. We don't put anybody else down. You let us do our thing. We're going to let you do your thing. But we're going to do our thing, hallelujah. Praise Yahweh.

Now, those that are carnal minded are part of Ishmael. But Issac is the child of the promise. Now Isaac and Sarah are identified with New Jerusalem. Ishmael and Hagar are identified with old Jerusalem. And if you're not careful, you will identify with old Jerusalem. What is old Jerusalem? It's an old mindset. It's an old mindset that keeps you carnal-minded.

I got an email. I wasn't going to read it. I'll just try to tell you the gist of it. I got a message from a lady, she may be watching tonight, if she is I don't want to embarrass her. She sent me a message. And this lady, about a year ago, she was part of this ministry, loved us dearly. Then she left this ministry to follow brother so-and-so. She wanted to follow the deliverance message. And this sister talked to her and begged her pretty much, you know, choose the truth, blah, blah, blah.

And she chose her path. I never really reached out to her. I didn't try to get her back. I never try to get anybody back ever. I've never reached out to anybody and I never will. I'm too busy with God's work. If you want to leave...leave. I'll be here. I'll be right here doing what God's called me to do.

And so, I got an inbox from her, a sweet, sweet message from her repenting and apologizing how she got so deceived in that moment, and regretted it. And just said Pastor I've watched your life and how you handled that, and on and on and on. The point I'm making is if you will just be standing on the truth when the chips fall, then the people will see that we have the truth here. And the truth is what is making this ministry, that is so small locally, but so large globally. And when you see the provisional blessings of the Lord on this house, there's a reason that it's there. It's because we're preserving the Word. We're preserving the Truth.

Now, on the other hand, the child that's in this mother's womb, even though they're one, they are totally separate. If you say that they're one, that's not a lie, is it? Because they are one. Just like the Father and the son...they are one, ok? You understand? But, if you say that the mother and the child—there is one, that's true. If you say they're separate, that's also true, ok? Alright.

So, two things can be true at the same time. So here, whenever this child is receiving life from it's mother, they are one and the same except for one thing. Their destinies. They are one and the same except for their destiny. The mother has a destiny. Her destiny is to give birth to that child. That child's destiny is totally separated from the mother's destiny. His destiny is to go up to the throne of God.

The church is not going to the throne. Only the child is. Who is that woman that's giving birth? The 30 and the 60-fold church. But within the womb, the smallest part of that church—in the womb of mama church—is a 100% son growing to 100% maturity. And the destiny of that manchild is not to be the church. The destiny of that manchild is to be the inheritors of the kingdom of God. That is not the destiny of the church!

The church's job is to bring the sons to maturity. The church itself will not go into the government of God. Who do you think they are whenever he said alright in Luke 19. The man went into a far country and came back and who does he call up? The church. He said now I gave you all the Holy Ghost. I gave you a talent. I gave you my Spirit. Now what did you do with it?

Well Lord, you know what I did. I was just so glad to be saved. I was just so glad to make heaven my home, and I just made sure that I didn't let go of what I got. But here comes another member of the church and he said...Lord I added to that. I went out and did what the church told me not to do. They said not to do works but I did a few anyway. And so I added to my grace works. And God said alright I'm going to make you a ruler (that's a throne) over 5 cities.

He goes to the next one...what did you do? He said *Lord I added this many talents*. He said alright...I'm going to make you a ruler over 10 cities. All of them were the church. But only a portion of them went to the throne.

If you don't get what I'm teaching tonight, you will never understand your destiny in God. Why do you think I say all the time—First Harvest is not a church. And if you expect me to pastor this church like it's a regular church, you're going to be disappointed. Because I couldn't care less if you pout. And I'm not coming to check on you. I couldn't care less if you're mad at me. I'm not coming to find out what I did. I've got to keep on going. Why? Because I'm building something here and around the world. And it's not a church! It is a son. It is a son inside of that church!

I've got to get this in your heart tonight. Do you not think I could fill this place up if I wanted to? Have you ever heard my wife sing and me sing? Do you know we could build this on talent. Do you know if I dropped this message, we couldn't part people. The way I can prophesy. I can prophesy over anybody. I can tell you your daughters name, your son's name. For my whole ministry I did it till I came here and God shut it down. People used to drive from everywhere for me to tell them their address. And when I try to get to their real address, now they don't want me coming anywhere near them! God shut it all down because it was turning into a show!

My wife asked me a few years ago. She said, *honey, what happened to your gift?* Because I won't use it anymore, very seldom. And if I do, you better know God sent me to do it. But very seldom. Because I don't want it if that gift is going to distract you from my message. The first time I walked in this church, I'll never forget, and I did it everywhere I went. Everywhere I went I was used in the gifts of the Spirit. There was a lady on the left, never seen before...I said ma'am you've

got a son on the west coast and begin to tell her everywhere he lived and the whole nine yards. And I didn't know her from Adam.

The point I'm making is this. Carnal minds love that. They love the gifts of the Spirit. But they despise the *fruit* of the Spirit. They despise the work of the Spirit. These churches are turning into nothing but entertainment. I know a man right now that can call everybody out, tell them everything about them and he's hooked on pain medication. It's an "it" show. The whole thing is just a show all over the world. Why do they do it? It's the only way you can fill up the church. Fool's gold.

The only way you can fill that church up is if you've got them gifts out there working. Can I tell you all something about the gifts? My grandma told me, she said son, these gifts you got today are different from the ones we had. She said we were scared to death when the man of God was about to tell us something. Because he was about to say...who's that woman you been talking to you're not supposed to be talking to? My grandma told me, she said, you all call out and tell them good stuff. She said when I was girl, when a man of God walked in, we all started repenting. Because they'd start telling the sin in your life.

The church doesn't want that. They want fool's gold. At First Harvest, you're not going to get fool's gold. We're going to take you in the gold mine and dig out the gold! Hallelujah! Glory! We're going to know who we are and why we are. Hallelujah.

The future of the manchild is totally different from the mother. Immediately after he's delivered, he's called up to the throne of God. I want you to see this. The church is producing those who will rule and reign with Christ. Notice this. When a son of God is born, or even begotten, the only thing on his mind is getting to the throne. Because he knows why he was born. It wasn't to play church. It wasn't to know how to have church. No, no, no. That's all good.

He knew he had to get a "throne-mind". He had to get a dominion mindset. He went to the throne. Now while the woman is with this child, notice this is all you see. This is so important. (I may go this slow all night. I need you to follow me.)

When you look at the women, all you see is the woman. You don't see what she's producing. You go to the woman. All you see is the woman. If you come to First Harvest, if you're not careful, all that you'll see is a church building. Hallelujah. Did you hear me? All that you'll see is the woman. All that you'll see are the trappings of a church.

But I promise you. I said I promise you! Deep within the womb of this place is a life-giving word that's producing the kings of the next age!! Don't be deceived

thinking you just came to a church. But if you're not careful, you'll look at the church house. This is why you'll come here thinking it's going to be like the church you came from. Thinking it's going to be just another little church you can join and just half-way participate. Listen to me! Kings don't half-way do anything.

Queen Elizabeth served every day of her life. They said she woke up at a certain time. She did everything for her kingdom. She knew that her crown and her throne William was depending upon her to keep. Do you know Queen Elizabeth could have lost that crown at any time. How? By becoming selfish. Because in England they're waiting at any moment to overturn the monarchy. It's a bygone era. It's hanging on by a thread. And she was the thread.

She woke up everyday. Do you know what she could have done? She could have went out on television and gave her opinion about everything in the world. Are you hearing me now? The most powerful woman in the world could not even speak freely...and neither can you!

She couldn't even have an opinion! Do you know if Queen Elizabeth would have spoken to the politics of her day, that she would have lost William's throne? She kept her mouth shut when she could have changed the world by opening it. But she understood she was not born for Elizabeth. She was born for the throne.

She had no life. She lived under the scrutiny of the people. She didn't go around saying well well well—this or that. No! Her birth was greater than a commoner. Her birth demanded a different life. And her grandsons. She knew one wrong move from her she loses the throne. She was careful of her throne. She trained Charles to shut his mouth. The worse thing Charles could do right now is start talking about climate change all over the world. Keep your mouth shut Charles. You all notice he hasn't said a word since he's been on the throne.

Now when he was getting itchy thinking mama was never going to die, he was talking about climate change. But the minute they put a crown on his head, he shut his mouth. Why? You are not your own. You've been bought with a price and that throne owns you!

We're living in a church age that has no throne mentality. That have a heaven mentality. Hallelujah. If you're not careful you'll look at the church and fail to see the manchild that's growing in the church. People look at the church and see all the junk. That's your first mistake. Because that mama has a lot of junk in her. That manchild doesn't. He's covered by a placenta. Do you understand? *Uh uh. Oh, I would go to the church, but it's full of hypocrites.* I know, but not the manchild!

We wake up with this thing! We go to bed with this thing! We want to know how to live our lives! Do you know why some Christians are not Torah-observant? Because the only people that need to be worried about being Torah-observant are those who are going on a throne.

Do you understand that Queen Elizabeth never learned math? She never learned algebra. She never learned Science. She learned the Constitution. That's all they taught her. Why? Because she woke up knowing who she was. When you know who you are, you're not trying to get by with anything. You're trying to read that Torah, that Constitution! How do you want me to live my life?!

Brother Vaughn, ain't nobody gonna tell me... I know. I already know. That's why you're not here anymore. Nobody gonna tell you. I told my grandmother one time something...I thought she was going to slap my face. She was jumping on me because...well, I'll try to say it without mentioning details. Let's just say there was somebody up in the choir that I knew and was responsible for. And she went prissing up there with a tight skirt on about right there...butt showing, everything showing. They don't do it like we do it. Oh no. My Nana been sitting right there on the front row.

We'd walk in the choir and embarrass you in front of the whole church, saying *huh uh honey, you can't be up here like that*. Well she did this to the person I knew! And I didn't like it. So I commenced to going to her house after church, told her I wasn't coming back to church. We was going to Woodlawn where they'd let us get by with it...the bigger church. Her church was too strict.

She looked at me...I'll never forget these words. She said if you don't let me teach them how to dress, the world will. If you don't teach your children how to dress, the transvestites will. *You see brother Vaughn, I don't think dress matters*. Did it matter to Queen Elizabeth? Did it matter to her? Did you ever see her looking slack? She was the queen, she represented the throne.

I want to tell you young girls, I don't have many here tonight, half our church is out. Young boys, old women, young men...I know a person's passion for the throne when I look at them. How you carry yourself is how you will carry the throne. And God is calling First Harvest Ministries to tighten it up, to straighten it up, and realize this is about more than the Sabbath day. This is about holiness, within and without. God is calling us to pull it together.

None of this will save you or send you to hell. Did you hear me? See I feel like they made a mistake in our age. It was a hell issue. And then when we found out it wasn't in the Bible and wouldn't send us to hell, then we get made just like you all did about your flat earth when you found out about it, you got mad at NASA

and everybody. NASA lied to you. Everybody lied to you. Well I felt that way when I found out it would not send me to hell.

But what they didn't teach me is that if I would do it, it would put me on the throne. Hallelujah? And that's how you live holy. It's not about where it's going to send you. It's about what it's creating inside of you! And who it's making out of you! God's calling us to pull it together. Because why? Because there is a manchild.

You know, back when I was a charismatic, I used to say God don't look on the outside, he looks on the heart. That was my favorite scripture. Amen. Here's the problem. If you're a gypsy in your heart, I can tell it by looking at you. Amen? Because what's in your heart works it's way outside of you. If you're a whore in your heart, I can tell the minute I look at you. Amen?

But if you're a pure virgin, a woman that's chaste before the Lord, then your lifestyle will be chaste. God is calling at First Harvest. You see, I told you all before you moved here. You don't know this message like you thought you did. God is calling this ministry to line up with his word in every area of our lives. Your speech, your language. Why? Because there's got to be a manchild that comes to maturity!

I don't care what the church is doing. This isn't about mama. This is about the son. Don't you understand...you've got to have a big church full of hypocrites to bring in a few true-blues. Yeah. When somebody said I don't go to church because it's full of hypocrites, I say wait a minute. But you'll go to a doctor and they have quack doctors all over town, but you still go to the doctor. But you won't go to church.

Where do you think you're supposed to find a hypocrite if it's not at church? You're not going to find a hypocrite in a bar room. Churches produce hypocrites! There's too many hypocrites. Where else you going to find one? This is where they're born. But in the midst of them hypocrites, I'll show you a few that are in the sons of God! They're growing up among the hypocrites. Hallelujah! Glory!

After he's delivered, he goes to the throne. It appears outwardly that there is only the mother. The child does not exist except inside of her. Because he's been "hidden in the house". Remember I told you? I said keep those two sermons together now.

The world thought that Satan was on the throne. Athaliah for 6,000 years. The temple, where they took the little boy Joash, was so rotten that God shut it down. That's the church. Come on now. You're about to hear what I'm about to teach

you now. She went and got Joash and brought him to an old dead church, temple, where there was no life in it. And when they looked at the temple, they saw a messed up church. But somewhere in the back bedroom of that messed up church was a son that was being born, that was maturing, getting ready to take the throne!! That's who you are...that son! You are that child that's being produced by the church!

Don't you be concerned about how messed up the church is or how back-slid the church is. You get in a bedroom with God and you g-r-o-w in the Spirit. And you be one of those sons! When you see a pregnant woman, you don't see the child. You might see a messed-up, drug-addicted mama. But somewhere inside of her, God knows the name of that child. He already knows every hair that's going to be on his head. He's hidden in the house.

I come to preach to you tonight, and I've come to tell you that I know the church is in trouble. I know that Babylon is all around. I know there's false doctrine, false teaching. But somewhere God has preserved a remnant !!! You may drive by this building and just see a church that's been here for 50 years. The same old. No, no, no. You don't understand. If people knew what was happening at this building, if they understood what was going on in this building, they'd move here from the north, the south, the east and the west! Because Yahweh is creating in this house a SON !!! Hallelujah!!

And the minute God puts you here...here will come the abortion doctor in your mind...waiting for you to be delivered. He knows you're growing. He's got the scalpel right there in your mind, ready to abort you out of sonship. I want to tell you something. I want everybody to listen to me. Satan will never pull you out of the church. He'll send you *to* the church, but he will kill you if you're growing up *in* the church. If you find a place of maturity, he's coming after you! That red dragon!

You know how he comes. That abortion doctor never changes his tactics, ever. Same syringe. Here he comes to the very son of God, Adam. And he came as a serpent, and he did not tell Adam anything negative about God. Satan loves God. Oh yeah, the Bible said he believes in God, and trembles. Satan's not against God. Satan is against God reproducing himself in you!! You're not hearing me now! Hallelujah.

He came to Eve. He didn't say...*throw that Bible away, it ain't no good*. No. He said...*do you really think God meant it quite like that?* That's all he said. She said...*God said I can't eat that. God said I can't worship on any day but the Sabbath. God said I can't eat unclean food. God said I can't have that apple* (whatever it was, it's all just symbolism anyway).

God said I can't have it. It's not for me. Here comes the abortion doctor. You all realize if she hadn't have fallen for this, the sons of God would have been produced on the earth through Adam and Eve. But because the abortion doctor came to them, and his exact words were...*Did God mean it like that?*

I can hear Satan right now... *an apple (ha ha!)?? you saying an apple?? Are you even serious? You really think he cares about what day you keep holy?? You think he cares that you...??* That's how he always gets you. And then the next thing he'll do when you tell him God sent you here...*yeah, but did it have to be here? Could it just be...?* I'm talking to somebody right now. Somebody right now!

But you know there's other preachers out there preaching truth. Let me tell you something right now. They may be preaching some truth, a little truth here, a little truth there, but I'm going to tell you something. I don't know of many places that's putting it all together. I don't know many places that's putting it all together!! You better understand that! Hallelujah! Because if you're not careful, I've watched it happen. That abortion doctor is standing ready to destroy you from your inheritance with the sons of God!

The church has been suffering like the United States of America with abortion and miscarriages for centuries. Yahshua left the earth and the abortion doctor that was in the garden of Eden, that we find in the book of Revelation, showed up just like he did...see watch this...now I'm going to show you something. Right when the son of God, Moses, was ready to come forth—abortion. Right when the son of God, Yahshua, was ready to come forth—abortion. And right when the sons of God in our day are getting ready to come forth—there will be abortion in the church, miscarriages in the church...to destroy these sons of God!

I never understood why. My grandmother—her children, we loved her, all the grandchildren, but you know we were jealous of my grandmother. Do you know why we were jealous? She was so in love with the church. The church was her life. God's people were her life. And her own children and grandchildren resented it. And now I get it. When you were born for the throne.

I look at Elizabeth and Charles. I never saw any closeness there. There was respect and duty. But there was no *"what can I do to make you happy today son?"*. But I'm going to show you where she had more love for Charles than all you lovey-dovey mothers have for all of your children. She prepared him for the throne. She may've not been a doting grandmother, I don't know. But that grandson William, his children, all have a throne because she fell in love with it.

When people come to this ministry and I see you don't fall in love with it, I know it won't be long. Why? You don't understand what you've got here. When you do,

everything else you'll be doing will be second place to this work. It is to me. My wife and I can't even go on vacations anymore because my life is so consumed now with the work.

Listen to me carefully. There is something in my mind...if there's anybody in this ministry...I want you to hear me...if I don't ever check on you like other pastors from Babylon do, and if I'm not there to love on you like they are, I'm going to tell you something! It may be that I love you more than any of them! I will get you to the throne !!! Some way and some how, if you'll stand firm with this ministry! Hallelujah! We're going to get to the throne! We're going to overcome! Hallelujah!

Did you ever stop to think God may be using you to help you overcome—overcome your hurt feelings that I didn't even talk to you. Maybe God's using me to help you overcome yourself! Hallelujah.

Someone got mad at me yesterday—sent me a letter about somebody dying in their family, said I overlooked it. I don't know how it happened. They were so hurt at me. And I thought oh God, do they not know. Listen folks. We've got to grow up one day if we're ever going to sit on this throne. I said we've got to grow up if we're ever going to sit on this throne.

How is the church aborting God's sons? I'm about to tell you. You need to listen. Here's how church is aborting God's son. *Brother Vaughn, I thought you said the dragon was the abortion doctor.* He is. But he can only get to the children in the hospital. The Bible said he transforms himself to an angel of light and hides the syringe in his pocket. This is where the sons are being born. He isn't out in the bar room. Everybody said oh them evil places. You've got more devils in the church than the bar room!

This is where they like to hang out. Why? They're trying to abort every one of you. Don't ever think you've come so far elder that they're still not trying to abort you. Don't ever doubt that! They will be after you till the day of the resurrection. Hallelujah!

So they come into God's church. And here's what they do. I'm about to show you an abortion procedure. They're not trying to kill the church. They need the church! Satan can't get to you unless he's in the church.

So here's how the abortion happens. He puts on a robe as a preacher, gets hired by the deacon board. (We'll never any board here of any kind.) He gets hired by the deacon board to come in and preach anything non offensive and make sure they don't lose the income of the church. And they will get up, the preacher will,

and convince those babies growing in the womb of the church that they are paupers instead of princes. They will preach from this pulpit. Never one time will they teach you your destiny on the throne. They will stand here and preach to you...*go to heaven and make heaven your home and just live eternally on streets of gold.*

That is *spiritual abortion*! Why? Because it takes every one of you and turns you...it literally takes from you your birthright position. It literally takes from your mind who you are and before you know it, you're a Christian. You're just supposed to go around and help everybody. You're just supposed to do this. See, they will rob from you the destiny your birth's for! And before you know it, you've been turned into a pauper instead of a prince.

And you'll start singing songs like this... build me a cabin in the corner of glory land. Because they've convinced you that you're just going to be one of billions that's just going to stand around a throne and worship 24/7. That always bored me a little. I just think, you know, eventually I'd get tired of saying holy. No, I'm serious. But that's all I was taught.

You don't want to go to hell. You want to go to heaven. And then when you get there it's retirement. You're retired. You're done. And that "aborted" me. *Brother Vaughn, what do you mean it aborted you?* Because it did not develop in me a hate for sin. It developed in me a hate for hell and a love for heaven, but not a hate for sin.

How do you think I wound up in prison? I had been aborted. I was supposed to be a king, and I had been turned into a pauper. I was told these words. I was told it was not of works lest any man should boast. Nothing you can do. God knows you can't keep his commandments. Has anybody else been taught that? Do you know who aborted you from your throne? It was your preacher. He told you these (10 commandments) were nailed to the cross. And now you trust in Jesus.

I'm showing you how the abortion procedure works in case you're not listening. The syringe of lies is being injected into your hearing. And they'll finally convince you he took those (10 commandments) and knew that nobody could keep them, so he took them and did away with them. Replaced it with grace. And now you're free from all of that!

And slowly but surely you became a pauper in your mind. Slowly but surely you became a Christian in your mind. And then he comes with the rest of the syringe and says...*now be a good Christian and go out and feed the homeless.* That's what a Christian is. *Just be kind to people.* And service by service, you're being transformed from a prince with the right to rule, to a pauper's mentality. A

pauper has no control over his life. A pauper is helpless. If you're not careful, the gospel of the modern church will make you helpless.

It will convince you that you have no power. It will convince you that sin has power over you. *You can't give up that addiction brother. But the Lord knows it and he's ok with it.* Making you, turning you, taking your masculinity of a son of God and turning you into a woman, a helpless, weak woman. Why do you think they're called *Sons of God* and not daughters of God? Because the daughter is the weaker vessel. Sons of God are not weak.

I've come to tell you tonight. If you're not careful. Transgenderism...you're all mad about it and you put up with all your Christian life! Turning strength into helplessness. I have no power. Who am I? I'll tell you who you are. You're training for reigning. You're schooling for ruling. You're not helpless. You're not helpless!! You have power from on high. And that power gives you POWER over sin, POWER over the enemy, POWER over your emotions, POWER over your fear!!

Don't give up who you are for who they want you to be! You're not helpless. You're not a weak infantile believer! How does the abortion happen? By refusing to bring forth kings. The church is not producing kings. Go look at these churches. They're not producing kings. A king knows the Constitution of the church. Raise it up. A king knows that Constitution of the church. He studies it night and day. We're bringing forth kings here.

You can rename anything. They renamed our stolen election. They renamed it the big lie. Well let me tell you what the church has renamed. Holiness has a new name. Legalism. How many in your church has heard...run away from legalism? Anybody? Can I brake that down? Legalism? The root of it is *Law*.

They thought if they could rename holiness that we'd be scared of it. If they could rename it legalism...*don't get tied up in legalism!* So you mean...don't get tied up in the law. Don't hide your syringe. Because they're putting it in your neck the whole time. You don't see the syringe. But they would never tell you to ignore God's law. But *just don't get trapped in legalism sister.*

Do you know what legalism is? Obeying God's word. And if a preacher preaches to you how to live your life—that's legalism! You better believe it is. It's the law. And you need to get messed up with it and get tied up in it. And you need to understand holiness is still right, and without it, no one will sit on the throne of God! You must be holy even as I am holy.

Legalism, that's their new syringe. I want to promise you something. You can never "over-obey" God. Ever! I don't care what they say about you. If you ever make up your mind to get on a throne, you'll look at the jots and the tittles of the word. You'll find the commas of the word! You'll obey everything it says if you want the throne. Even if it says...wives obey your husbands. *Pastor, I'll obey him as long as he is right!* That's not what the Bible says. *I'll obey them as long as they're walking with God...*not what the Bible says.

The Bible says if you've got an unbelieving husband, obey him, and your obedience will turn him into a believer! Boy if you want to find the hot spots, they're easy to find. A woman who rebels against her husband is no better than an abortion doctor. You're teaching your children rebellion. Boy this got quiet fast.

You see, you can't obey the parts you like. You have to obey the parts you're still working on. When the Bible says...husbands love your wives as much as Christ loved his church...if it hurts your wife, it ought to hurt you! The Bible says if a man doesn't work don't let him eat. What does that mean? It means in this ministry we're going to do two things. We're going to turn men into men, and women into women. And we're going to show you the difference in the two. We're going to line it up every which way. Hallelujah.

There's a woman in this ministry. She's probably watching right now. She was online a few weeks ago, and she had been sneaking her tithe to me. Her husband wouldn't let her pay tithe. So she was sneaking them in the mail. I looked her in the eyes and said don't ever send me another dime! Because you're wasting your money. You're in rebellion to your husband.

Now, if it's her money, and you all have an agreement, that's fine. But she was sending his money to tithe. Now, let me tell you how that story ended. I got another message from her last week. She said... *pastor I went to my husband and I repented to him for disobeying him...and he told me to go ahead and send my tithes!* Hallelujah! Amen? Amen. Do you know why? Obedience is better than tithes! Obedience is better than sacrifice!

Oh, I'm going to stay here because I feel like I need to. The Bible said that if a woman will not obey her husband, that that woman is not even allowed to talk to God. Do I need to look these scriptures up for you? Has anybody heard me read them before? Ok. The Bible said if a husband and wife are arguing, they're not allowed to pray. Do you know why? Because if you think you can go to God in rebellion to your husband, and bypass authority, he said get up, don't talk to me. Go talk to your husband. Sir, go talk to your wife. Or get out. And then you all come pray together. Amen?

We've got super spiritual women. I've got so many notes I can preach. We've got super spiritual women. They want to live in the heavenlies. The problem is you can't make love to the heavenlies. You've got to go to bed with your husband. If you're close to God without being close to your husband, that's out of order. Listen ladies and gentlemen, it's the same way with those watching me right now that want to follow Torah without a pastor. You want to serve God without a pastor, without a shepherd.

I can read the Bible just like you can. But you're not in my office! You're not in this position! You're in rebellion. I don't care how close you think you are to God, the Bible says rebellion is witchcraft in any part of your life. Nobody wants to hear this. I'm digging it out! I want to put you on the throne.

Do you know how many times I've gotten it wrong with a decision in my home? Wrong financial decision, wrong every-other-kind of decisions. Even when my wife would warn me not to do that. Do you know how many times I've messed up and got it wrong? Not one time did she ever come to me and say...see...you should've listened to me. Because she knows I don't listen to her when it comes to final authority.

When I make a decision after we've talked, no matter what she says, no matter what I say, when the authority of the house makes a decision, if that's the wrong decision, guess what ma'am? You won't have to suffer for it. No ma'am. You are going to be blessed for knowing authority in your life.

Brother and sisters, listen to me. I'm afraid we like this message when I'm getting into the knowledge part...you just don't want me messing with you. Because it's not me messing with you, it's the word. I'm just the 'poker'. I'm poking me right now. Do you understand that? I'm poking me! I preach to me!

All of these people in these Bible study groups, all over, want to read their books with no pastor! You're rebellious! Because you don't want anybody...you think God's your authority. I'll tell you what—go to the courtroom down here, and pull that sovereign citizen mess. It sounds good. You go get in a courtroom and tell them...*I'm a sovereign citizen...I don't have to answer to your jurisdiction...*All right, put the handcuffs on 'em, get that idiot out of here.

I'm a sovereign citizen!! I ain't paying my taxes! Good. We'll take this land. Thank you, have a good day. My point is—God will assign government. There's no wrong with government. Government is there for a reason. The Bible says the king bears the sword and he doesn't bear it in vain. Listen brothers and sisters, we must get this antigovernment mindset out of our minds!

Uh oh, I just heard you. I just heard what you said. *But our government.* There's never been one good government on planet earth. Do you think that was a good government that took the apostle Paul and put him on trial? No. And what did he say? Most Noble Festus. He bowed his head before the government. He called his name and said "most Noble Festus".

I'm going to tell you something. If it's a legitimate government, which we don't have right now, but if it's a legitimate government, that government works in the land, and in the church, and in the home! Without government, we are a mess! And the reason our homes are in a mess is because men don't know their place and women don't know their place, and then the children don't know their place. We need government in our lives!

I'm going to tell you something. I've got some people who hate government that are watching me. Let me tell you something...oh God, what am I doing, where am I even at? I've got to get back on the manchild. But you've got to hear what I'm telling you. You've got to get that mindset out of your mind.

We've got people on YouTube going up to police officers with their phones auditing them. And they make the police pull them over and they stick the phone up and they act like idiots to the police. "*You can't do that to me! You've got Article Section 249 of 1724 and 11 and 82, and you can't arrest me!*" You're about to find out.

Brother Vaughn, there's bad police officers. I know. There are bad preachers too. But a son of God, when a police officer pulls them over, two words...yes sir, no sir...what do you want me to do? Yes sir. No sir. I don't talk back to police officers. My grandma raised me. I don't talk back to anyone in authority. My grandmother raised me. I don't talk to preachers any kind of way. That's God's government.

Why do you think I call you all brother and sister? Because you're part of the royal family. You're not just regular folk. You're family. Amen. Your attitude towards authority will destroy your life. When you think you can get around everything, you can for awhile. Mark my word from experience. You think you can get by with breaking God's law or man's law. You can for awhile. But it will find you.

I want everyone here to know. Yahweh brought you here to change you. That's why he brought you here. He wants to change me and you and everyone of us. Why? I don't want to be aborted before I'm born. Amen? I'm just talking as your pastor tonight. I'm not here to preach the best sermon I've ever preached. I'm

here to tell the saints of this assembly what God is doing in you is for eternity. He's changing you...for eternity. Let's sing that honey.

He's changing you for eternity!

Oh I didn't even get to page 2 out of 12 pages of notes. But we'll do part three sometime in the future. Hallelujah, if you all can handle part three. Glory to God. Hallelujah.

Don't let him abort you. Don't let him abort you before you're born. Don't let him abort you. Don't let him get in your mind. If it won't go on the throne, don't let it in your home. Don't let it in your heart. Forgive quickly. Children forgive quickly! Quickly.

(all sing)

What God's doing in me is for eternity
It's not just for today, or even tomorrow
This will pass away
What God's doing in me is for eternity

What God's doing in me is for eternity
What God's making of me is for eternity
It's not just for today, or even tomorrow
For this will pass away
What God's doing in me is for eternity

Repeat a prayer with me...

Father, it's the desire of my heart to become a manifest Son of God.
Separate me unto yourself. Plant me in a field of barley.
Cultivate in me the character of Christ. Feed me with your Word.
That I may give birth to Christ in me, the hope of glory.
Amen.

Let that prayer be in your heart tonight!

What God's doing in me is for eternity
What God's making of me is for eternity
Eternity...eternity...eternity
