

# **The Mazzaroth**

(Pastor Vaughn, Part 1, fhtv.tv #1937)

For years we all knew it  
as the Zodiac  
but in this time of restoration,  
Yahweh is taking it back!

Yahweh created it  
to showcase His story.  
It declares the whole gospel  
in all of its glory!

Satan says the stars  
are guiding our lives  
through the horoscope,  
but that is a lie!

He is trying to control us  
and keep us in fear.  
But truth is being restored,  
making all things clear!

It's the canvas of the sky,  
seen far and near  
by every human eye  
that Yahweh holds dear.

Yah is a God of patterns,  
Who He is - He always will be.  
His Throne is unchanging  
throughout eternity.

The Hebrew word for "heaven"  
means: "where the stars dwell"  
We are learning about them  
and the story they have to tell.
