

**The Sacred Simplicity of the Sabbath**  
**Pastor Vaughn, Chapter Eight**

**Remember**

Of all the Ten Commandments,  
there's only one that begins  
with the word "Remember"  
before it deals with sins.

The Sabbath wasn't new  
but in Egypt, lost in time.  
Now it was being restored  
by Yahweh's design.

They were told to remember  
the pattern of creation,  
their deliverance and identity  
as a new nation!
