

ISRAEL 101
Part 15
“The Seed Cries Out”

By Pastor Shane Vaughn, First Harvest Ministries

Alright, we've been talking about Israel. This is our 15th week on the subject of who Israel is. We have learned that the state of Israel is not the Israel of the scriptures. That is not the Israel of Yahweh. That is a state. It is a political state. And we found that those people have moved there, and that's a wonderful thing. But we must never confuse who the real house of Israel is. In fact there are more Israelis living in New York City than there are in Israel. That's a simple fact.

America is the land that Israel settled into, and we found out in the last two weeks that Yahweh, God, scattered all of Israel across the nations of the world. We found out in these teachings that if someone were to go and build a town and name that town Vaughn City, that would be the name of the town. Vaughn City. And yet none of the Vaughns live there. Well you can call it Vaughn City all you want to, but it's not Vaughn City.

You can call Israel Israel if you want to, the state of Israel, but that is not biblical Israel. We have found out that Israel left that land long before the Jews ever left. And until you understand the difference in a Jew and an Israelite you cannot comprehend the Bible because the entirety of the Bible many people assume was written mainly for the Jewish people. But as we're finding out in these lessons, the Bible was written to another group of people called Israel. The lost tribes of Israel. They were scattered all over the world.

But primarily we have found that they came through the Caucus Mountains, Great Britain, Ireland, Scotland, and they made their final migration to the land of America. We found out in the scriptures that Yahweh promised he would give Israel another land. A land where their enemies would be afraid of them, where their enemies would never bother them again. And truly that prophecy has been fulfilled in these commonwealth nations, these end-time nations, where Israel (Ephraim and Manasseh specifically) have migrated.

Now, the other tribes are all over the world, but Ephraim and Manasseh are primarily in these lands that I've mentioned. Now, what was going to happen to Israel? They were going to die. They were going to be so forgotten that they forgot their own name. They would be renamed as they traveled through the world. The first thing they were named was Ghomri. And we're studying in the book of Hosea about Gomer or Ghomri. Her name was really Ghomri the wife of Hosea. And so as they traveled, they forgot who they were. The first way they forgot who

they were was they quit keeping the Sabbath day holy. The reason the Jewish people are still identifiable, the reason they are still the oldest identifiable people group on the planet, is because they kept the Sabbath day. The Sabbath identified them as a different people from all the people of the world.

But Israel quit keeping the Sabbath day. They died in the earth. As a matter of fact it is Israel that is the valley of dry bones that Ezekiel talks about. He said they were very dead. And you and I were very dead. Our forefathers were very dead. We were all without hope in this world because Yahweh had divorced us.

We're going to pick up now in Hosea 2:21-22. We're actually going to recapitulate a scripture that we had talked about last week, but I don't feel like I did a proper job so I want to go back to it and start there today. We're going to read together now. Let's all go to Hosea 2:21-22.

Hosea 2:21-22

21 And it shall come to pass in that day, I will hear, saith Yahweh, I will hear the heavens, and they shall hear the earth,

22 And the earth shall hear the corn, and the wine, and the oil, and they shall hear Jezreel.

Alright, that verse, before we truly understood what it was saying, didn't make much sense if you just read it the way it is. So I want to break it down for you. First of all someone tell me what Jezreel means. First of all tell me who Jezreel is, and then tell me what Jezreel means. *It's the light of the world, and it's Israel.* But who was the person Jezreel specifically. *The first son of Hosea.* Amen. *It means scattered and sowed.*

So the first child of Hosea and Ghomri was a prophetic statement that Yahweh was going to scatter me and you (somebody say *me*—that's me). You are Israel that was scattered and sown into the earth. So let's pick up here and see what this verse is saying.

The Hebrew word for respond...and it will come up in that day, what does that mean? That day? At the end of the 6th day where you and I are currently living, the end of the 6th day as the millennium is dawning, as we're cusping from the age that we've been living in which is known as Pisces, if you will, into Aquarius (what the world knows it as). But it's two different ages as we cusp these ages. This is a prophecy of what's going to happen at the time that you are living in. You are living in the most exciting times that the world has ever known. You are living in the day where all of these prophecies, specifically said, would come to pass. This prophecy is about Israel. And notice what Yahweh says: It will come

about that day that I, Yahweh, will *respond*. Now what does that word respond mean? The Hebrew word is *anah*. And what does it mean? To answer or to bare witness. Yahweh says: In that day, I WILL ANSWER. Now the question is: What is he answering? And this is so important for us to understand. He said, I will answer to the heavens. Hallelujah.

Now what does that mean? We know the word heaven is the word *shamayim* where the stars dwell. We know that the first heaven is where the clouds are. And what do clouds do? They produce rain upon the earth, ok? Yahweh says: In that day the heavens will respond to the earth. What does that mean? There is something in the earth that is crying out to the heavens, and the heavens are crying out to Yahweh, saying: Is it time? Can we do it now?

And can we do what? Here's what. Verse 22. And the earth will respond to the grain, to the wine and the oil. And they will respond to Jezreel. What does that mean brothers and sisters? Here's what it means: We went out to Remnant Ranch a few days ago. We took a handful of seed, bucketfuls. And we scattered those seeds in the ground. We pushed those seeds in the ground. We watered those seeds. Already there are wild flowers growing like popcorn at the ranch.

Why? Because something in the seed that wanted to produce flowers called out for the nutrients of the earth. Hallelujah. And then the nutrients of the earth called out for the water. Hallelujah. Because the nutrients of the earth cannot work without the water. They're calling out to the heavens. And then the heavens turn to Yahweh and say: Is it time now for the latter rain? Is it time now for those seeds that are calling out? The potential in the seed, in Jezreel, the life that is dead in them—the seed is dead, but the life in them is calling out to the earth. And the earth is calling out to the heavens. And the heavens are calling out to Yahweh.

And Yahweh says: At the right moment and at the right time, I will answer to the heavens, and I will say: Rain! Send the message, send the rain. And that will bring forth the dead tribes of Israel. The seed that's been hidden in the earth for thousands of years will begin to come to life in that day!! *Oh hallelujah. Oh hallelujah.* Why? Because Yahweh planted you and your forefathers as seed in the earth. And guess what life in that seed is filled with potential? What potential? I'll read it to you. Verse 22.

And the earth shall hear the corn, and the wine, and the oil, and they shall hear Jezreel.

The potential is the wine it can produce, and the oil that it can produce. But the grain cannot produce. Nothing can produce until the earth and the heavens work

together to answer the cry of the hidden seed. And that seed has been lying dormant—very dry bones. Very dry! They have been forgotten about. They have been hidden in the earth in America, in all over the world. They didn't even know who they were. They thought they were Baptists. They thought they were Catholics. They didn't know they were Israel. When I say they I'm not talking about a proper pronoun. I'm talking about YOU.

Your entire seed line was dead as the members of the house of Israel. However, within you was a seed that can never ever ever truly die. Never. Why? The life is in the seed. And Yahweh scattered you with one thing in mind. Let's read about it in the book of James 5:7. I want to show you why Yahweh scattered you. I want to show you why he's sowed you and then seems to have forgotten about you.

You know, we go out there and planted those seeds in the ground. It was a busy day. We were focused on the seed that day. But do you know what happened after we scattered the seed? We all walked off and forgot about them. We went about our lives did we not? That's how Yahweh did Israel. He scattered her and it seems like he forgot about her. But no, here is why he scattered her.

James 5:7

Be patient therefore, brethren, unto the coming of the Lord. Behold, the husbandman waits for the precious fruit of the earth, and has long patience for it, until he receive the early and latter rain.

Let's read that again. Everybody grasp it. Therefore be patient brethren. Who are the brethren? Israel. Be patient. Lay down and die real good. Hallelujah. Lay down Israel! And die real good. Until the coming of Yahshua. The farmer waits for the precious produce of the earth. He's patient about it. Until what happens? The rain begins to fall.

Ladies and gentlemen, the rain is the "message" that every one of you have heard in the last 2-3 years from this ministry. The word is the rain. The end-time message is the end-time rain, the latter rain. I wish somebody would not fall asleep. *Hallelujah. Amen pastor!* Do you know the time you're living in right now? You are living in a moment where the seed has demanded the message! The seed has demanded the rain! The timing is right.

Every one of you here today were in THE RIGHT PLACE AT THE RIGHT TIME! Hallelujah!! You have been rained on. You have been rained on with this message. And what did it do? It quickened your identity. And all of a sudden you began to do what? Produce fruit. With every one of you, this rain is producing the fruit of Israel. With every one of you today.

Now, I want to prove that to you. I want to show you that things that look dead never die. Let's read in Hebrews 11:4. This is so very important.

Hebrews 11:4

By faith Abel offered unto Yahweh a more excellent sacrifice than Cain, by which he obtained witness that he was righteous, Yahweh testifying of his gifts, and by it he being dead yet speaks.

He was dead yet Abel was still what? *Speaking*. His blood was speaking. Remember, ladies and gentlemen, life is in the blood. The Bible says that. Life is also in the what? The seed. So that's why aborted babies never die. Why? Their blood demands justice. The seed, the sperma, that creates the child never dies. You can burn up the baby. You can kill the baby but you cannot kill the life that it represents.

That is why, brothers and sisters, the blood—it is not the blood of Yahshua that has any power. Listen to me now. It is the LIFE of Yahshua that has power. And the blood represents the life. Is anybody with me? *The same Spirit that raised Christ from the dead*. Amen. It was not his blood that has power. It is his life that has power. But the life is symbolized in the blood. So whenever we put the blood over our doorposts at Passover, we are not applying dead blood. That blood is still speaking. Oh hallelujah. That blood is still talking about the life that it represents. *Oh hallelujah*. You have to understand that life is in the seed and the seed never dies. The life never dies in that seed. The Bible said Abel was dead and yet he was talking. Why? Because...

The seed never dies.

Brothers and sisters, when Yahweh scattered you, you seemed forgotten for thousands of years. But the whole time you were down there you were groaning. That seed knew that it had the potential to bring forth the fruits of Israel. And therefore it was pleading with the earth and the heavens. And Yahweh said in that day (the day you're all living in) ... I'm going to answer the prayer of the dead seed. Oh I wish we had spiritual ears to hear what Yahweh is saying to every one of you.

No matter, even when I was at the bottom of my road, when I had failed the Lord so miserably—you don't understand, there was a seed in me before my mother was a twinkle in my daddy's eye—there was a seed, a sign to me. And that seed was interceding on my behalf until the shell around that seed could line up. The seed is righteous. Do you hear me? I want every one of you to hear me. *Amen pastor*. Your seed is righteous seed. And your shell, like Paul said, now I see that it's not I that do it, that shell around the life in the seed. But he said, eventually

the shell—we're going to work our salvation that's inward—we're going to work it out. Hallelujah. We're going to work out our salvation.

Every one of you today are trying to get your shell to line up to the righteousness of the seed life that is living inside of you. *Brother Vaughn, what is that seed life? What do you mean seed life? It's not inside of me.* Oh yes it is. Shall I prove it? I'm going to prove to you that the seed talks. Listen to me.

There are people in this world—they commit sin and they hear nothing up here (in their head, their mind). Come on now. *That's right.* They commit sin and they enjoy it. They look forward to the next one, ok? Do you know why? There's no seed life talking to them. There's no seed talking. There's no righteous seed alive in them.

But there are those who the Holy Spirit sent the message (the rain), quickened the seed that was dormant, and now you are in a war with the seed. Do you hear what I just taught you? *Hallelujah. Amen.* You are in a war with the seed. The shell must crack so that the fruit in the seed—you see you don't have any fruit. All you bunch of folks watching me, you don't have any fruit. You're just an old shell. You're a broken human. There's nothing good in you the Bible said.

But I'm so glad that what's in me now is no longer I, but Christ the seed in me, and there is life in that seed that will talk to you. I'll prove it. The next time you go to gossiping, there will be people gossiping with you that it never bothers them who they're destroying. But you, the minute it's over, you'll want to go hide yourself in a bathroom, you feel so shamed, so condemned, and so bad for what you have been a part of. Do you know what? That's not the time to get condemned. It's time to hit your knees and let the seed come out. It's time to hit you knees and let the seed life come out of you! It's growing in you everyday. *Hallelujah. Repent brings righteousness.* And that's the exact truth.

Brothers and sisters, that seed is in every man who's been begotten again. How are we begotten again? By the seed. The Bible said by the seed. The Holy Spirit impregnates you with the seed (just like the mother of Christ)—there was a supernatural work with a seed. And those working together produced something that took over her. Listen to me. That same seed, which is Christ in you, is being planted in you by the rain. What is the rain? The Holy Spirit the preaching of the word will ignite. Listen to me. You see how every one of you are on fire for Yahweh right now? Let me tell you why.

Why were you not on fire for him three years ago, four years ago? Was it because there was no seed in you? Oh no, there was always predestined seed in you. But there was no rain. Come on. *Hallelujah.* There was no rain. The rain was the

message that responded to the earth! Hallelujah. *Hallelujah. I receive pastor, I receive it. Amen.*

Brothers and sisters, you have got to understand, in the seed that's growing in you—that seed is changing you. *It will quicken our mortal body.* Amen. That's exactly what it does sister. How do you know you have the seed? Oh I'm going to make it so simple for you. *Brother Vaughn, how do I know that I have the seed?*

Let me prove to you how you know you have the seed. Not because you still sin or you still make mistakes. The way you know you have the seed is real simple. What does seed produce? *Fruit.* Fruit! Somebody say fruit! If the fruit that you're beginning to see in your life reminds you of Yahshua. *Alright now. Amen pastor. Let none of us be that barren fig tree pastor.* Come on minister!

Here's my question to every one of you today. What was one of the main fruits of Yahshua? He loved truth. He loved the word. He loved his Father so much. I want to ask you...is your life, compared to three years ago, looking more like Yahshua's life? If it is that means you both came from the same seed. Ha, ha, ha. *Amen. Glory! Hallelujah. Thank you Yahweh!* Because citrus seed does not produce apples. What does citrus produce? *Oranges.* Lemons, limes, oranges and grapefruit. So if you're seeing oranges—that means you have got a citrus seed.

Now you can go put an apple in a citrus tree. The only way you can get an apple limb to graft is it's got to go into an apple tree. Brothers and sisters, listen to me. I beg you. The reason the apple will fall off the tree—it's proving to you that it doesn't have the same seed as the oranges on the tree. It cannot come together! *Hallelujah. Whew hallelujah. Amen. Pastor that's why so many people leave. We cannot mix the seed.* You cannot mix the seed line.

Listen. If you're not ready to die in this ministry, you will not be here six months from now. Your opinion, the way you want things—everything dies to the authority of the word. And when you get that you'll understand why certain branches fall off. You see you can drill a hole in a citrus tree, take an apple limb, put that in an apple tree you'd graft together. Now it may look like it grafts with a citrus tree, but give it about six months. That's normally about the length of time it takes. Give it about six months and you'll begin to see the difference in the fruit. You'll begin to see the apples start to wither. That branch starts to die.

Be careful when you see people withering. Oh hallelujah. *It produces after it's own kind.* It's got to be after it's own kind. When it starts withering here's what it says: I'm not ready to die like you all, no no no, I need out. Why? Because everything that grows on the Christ tree—see I don't believe in Christmas trees, but I believe in Christ trees. Everything that grows on the Christ tree grows from

the seed of death. *Amen. Dead seed brings new life.* It looks like death to you. But the only way the seed can live is if it what? Dies!

I want you to hear me. I want every one of you to hear me and I'm pleading with you from the bottom of my heart. There is potential in every one of you to produce the life of Christ. To love them that hate you, to do good to those who have done you wrong. That potential is in every one of you. Why? If he called you here that seed is dormant within you. But here's the only way you can ever produce that Christ life. Sister must be willing to die.

Do you know why Yahshua started the greatest movement in the world? He was willing to die. When I hear people criticize me personally and try to destroy me all over the internet—do you know that honestly I rejoice and I'm not lying about that. Do you know why? All they're doing is helping to kill me more and more and more. I want to die. Do you understand that? I want to be a dead man. I don't want to feel anything. I'm to the point now where I don't even respond anymore. I don't feel it anymore. Do you hear what I'm saying? I don't feel it anymore. The pain is dying. Why? Because I'm dying so that he might live!!!

Hallelujah pastor, hallelujah. Except a seed fall into the ground and die it abides alone. It abides alone. It'll always be just what it is, an old dead seed. There are times when I tell my wife (it hasn't been in a while), but there were times I would not preach. I would have her or someone else to speak because I knew that I was so hurt that if I were to get up and preach, I would preach from a polluted well. I would be preaching out of hurt and anger, and spoiling the food that Yahweh wants to feed his people.

The point I'm making is you and I cannot afford to mix the life that is growing in us with the life that is dying. *Amen. Pastor you're protecting the sheep.* Amen brother. Amen. I have gotten to the point in my life to where if I know that there's feelings of hurt—I'll be honest with you. Everybody knows to not ever send me anything they say because I don't want ever to be affected and afflicted and infected. I have to know what God said about this ministry. I have to know what God said about it, not what they or anyone else said. I have to know what God promised us, and not what they prophecy about us.

I have to know why. Why? Because I cannot afford for Shane Vaughn to come back alive. *Hallelujah. Amen.* Brothers and sisters, the rain is falling. You are living in the hour of the latter rain. Now here's what people don't understand about the word *Latter Rain*. Go watch my teaching about the latter rain.*

* <https://firstharvest.tv/video/1513>

Here's why. The word latter there I believe is the Hebrew word (I'd need to go back in my study notes for the word but watch the sermon, it will prove it to you) which means teaching. This latter rain is a teaching rain. It is a shower of teachings. So go watch that lesson because we need to understand that in this hour Yahweh is pouring out that latter rain that he prophesied in the book of Joel that he would pour out in these last days. Hosea talks about this latter rain.

We all need to move now into a position where we understand that the sermons we're hearing, the message we're hearing, is because it's time. Yahweh said IN THAT DAY. In that day I will answer. I will send the message. I will send the rain. That's the hour you're living in. Those of you that have gathered in Pennsylvania, it's raining. Those of you that have gathered in North Carolina, it's raining. It is raining.

Why? What you're hearing, this message, is the rain that is producing the fruit of the seed in the earth. Amen. And I'll move on. *Let it rain.* Amen. Let it rain. Let's continue. Let's keep reading. Let's go to Hosea now. Hosea 3:1. We're going to pick up there.

I'll tell you what. Before we do that let's go and read a scripture that goes with the verse we just read. It just came to my mind. Romans 8:18-19.

Romans 8:18-19

18 For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us.

So Paul said there's something in us (not us), but there's something in us. Do you remember what Yahshua said when they would go to him, and they would brag or they'd say something great about him. And he would say: It's not me. How many times did Yahshua let us from his person? I want you to think about that. How many times did Yahshua say: It's not I that does these works. Who did he always give the credit to? His Father in heaven.

Now his Father dwelled in him because his Father is the Holy Spirit. And the Holy Spirit dwells in you and me. And that's why Paul says: The suffering that we're all going through (and every one of us suffer every day in one way or another). He said: The reason I can endure being mistreated (and Paul was very mistreated)—the reason I can deal with everything crumbling around me is because I'm fully convinced that what's growing inside of me is so glorious that the suffering that the outer shell is going through cannot be compared to what's growing inside of me.

Brothers and sisters, the reason we suffer is so we can die more. The reason we suffer is so that that shell that's called Shane Vaughn—I'm going to call it the "Shane Shell", ok? That Shane shell is my enemy. That Shane shell hates to pray. That Shane shell hates to fast. That Shane shell does not want to pack and get everything ready for Passover. That Shane shell does not want to submit to authority.

That Shane shell is what's suffering. And how does it suffer? I bring it on myself. I want you to look back over your life. And the things that we have blamed God for 99% of the time can be traced back to a stupid choice you made. Could I get a little amen right there? *Amen. Amen.*

You chose to marry the wrong person. Ha, ha, ha. That was you. God didn't make you do that, right? *Amen.* You chose to rob from God all your life. You chose to be friends with the wrong people. You chose the wrong to do drugs and alcohol, whatever. And then those consequences come back in the form of affliction. Do you know, for example, I have eaten wrong my whole life. I grew up eating Little Debbie's, turned me into Big Deborah. *Ha ha ha ha! I know you just didn't do that pastor. Ha ha!*

Amen. Might as well tell the truth, ha ha! Them Little Debbie's will turn you into Big Deborah before it's over with won't they? We have all eaten wrong our whole life. Well some of you may not have. We've all eaten carcinogenics. And then we eat unclean all of our lives. And so when we get sick (it's a funny thing is it not?) when we get heart problems because we love fried chicken, we want to know why God is allowing us to suffer. *Preach it pastor, preach it.*

Poor God gets the blame for our stupidity night and day. And you know when my feet are swelling up as big as a ship because we can't retain our fluid, we want everybody to pray for us before we go back and get some Doritos. *Come on. Amen. Those potato chips. That's right.* Sometimes I think we mock God. Because then we want prayer for our finances when we rob God of his tithe. Then we get mad when he doesn't bless us.

I'm trying to make a point. The shell—it's afflicted so that one day you will bow your knee and say these words (the same thing that the first shell Yahshua did): Not my will but THY WILL BE DONE. Whenever you become ok with God not answering your prayers, you're almost there. *Hallelujah, I receive it.* I need you to hear me. *Amen. And that hard shell needs the rain.* It's got to have it and that's why we come to hear the teaching. That's why we come under these Sabbath meetings. As it continues to rain, guess what continues to grow sister? The seed life in us.

Wow. It takes that rain to soften that shell. That's exactly right elder. What happens to the earth when it rains? It gets what? Soft. *It produces the nutrients that the seed needs.* Absolutely. That's why you need a pastor. That's why you need a teacher. That's why you need someone who can give you trusted food. Not food of the latest conspiracy. Not food about things that really don't matter, but that food that's prepping you for the kingdom of God. That's the rain that is falling brothers and sisters.

Every one of you in this room today have got to learn to die good. Now when the rain comes and softens you then that little plant begins to creep through your shell. I want everybody to see your life today as a garden. If the soil is hard...what is another word for hard? Rebellious If that shell is rebellious, if that ground is hard, that seed life can't get through it.

But when you allow the rain to come in your life—the teaching of the word of God—and soften you, all of a sudden you begin to soften, and that begins to come out. And eventually one day people will look at you, and they will say to you: You prayed for me and God answered your prayer. And you'll say like Yahshua did: All glory goes to Yahweh.

Let me give you an example. I want to help you. And you all know I'm raw and real with you. I've always been a little too much. I want to explain this to you. When I was a young preacher I had a great anointing on my life. I also had a gift. It was the gift of the word of knowledge. Someone could walk in a room and I could tell you everything about them. The Holy Spirit gave me a gift. I could call people out and literally tell them about there grandchildren. I mean the Lord would speak that way to me.

As a young preacher, of course I didn't want to admit then, but as a young preacher you don't mean for this to happen, but the people became so enamored with your gift and so wowed by your gift that without a pastor that can keep you in check, that gift will destroy you. Because you will soon think you and the gift are one and the same. It will begin to go to your head, and of course you don't think it is, but it does. And before you know it—the gift is without repentance. God never takes it back so therefore you're walking in deception while you're anointed.

This is so very important for you to understand. Many preachers are anointed of God and deceived. This is God, had to take the Shane shell, put handcuffs on it, throw it away, forget about it while I begged God to let me go. He ignored my prayers. What's that song "thank God for unanswered prayers"? Thank God he ignored my prayers. Thank God he didn't give anybody the money to come get me out. Thank God he ignored me.

Do you know why? Eventually he broke me. *He broke the shell*. Eventually he destroyed my name, my reputation. He destroyed everything that I had built. That I had built. *Your kingdom pastor, not his*. Absolutely my brother. Absolutely. And that's why I tell everybody this time around I'm a broken man. God built this platform supernaturally that I could never take credit for it. He did it overnight. He did it in a moment, in a twinkling of an eye literally, he brought this together.

The only time the seed life can come out of you is when you no longer matter. That's why I tell people all the time no matter how much they attack me: This ain't me darling. You're attacking a seed and that seed's so full of life that no matter what you do to it it's going to live because you're not fighting a man now. And we must all get to that point where we say like Yahshua: It is my Father who did these things.

When I go to Remnant Ranch, and I look around there, I honestly get scared to death. You can ask elder. There's times I won't even go out there for weeks at a time. Why? Not that I don't love it, I do. But I pull up on the grounds and it overwhelms me. I don't even know what I'm doing with it. I don't even know how I got it. I don't know what all we're going to be doing with it. I just know Yahweh said to put it in reserve, one day you'll need it. That's all I know.

When I pull up on the grounds there's so much to do that requires so much money. You know, we need to buy a \$500,000 church building out there. And I'm like: My God what are we doing? And Yah said: We ain't doing nothing. I'm doing it, just show up. You just stand still and watch me do it. *Come on pastor!* *Hallelujah*. Just stand still and watch me do it !!!

When you get to that point where he gets all the glory and he gets all the honor and he gets all the praise, then he'll take care of all the bills, he'll take care of all the problems, he'll take care of all the enemies—you've got to stand still and let go and let God have his way. Hallelujah? Just obey God.

Yes ma'am. *Uh this is why they twisted or misunderstood and made a false doctrine when Jesus said: If you've seen me you've seen the Father*. That's right, absolutely. That's where the doctrine comes from that man is Yahweh because they didn't understand. What he was saying was don't look at me...look beyond me. I'm here. I'm the door. I'm the door. I'm not the building. I'm the door that if you come through me you'll find him because I am the one who brings you back to him. I'm reconciling you to him, Yahweh, my heavenly Father, the Holy Ghost. I'm bringing you back to that position.

19 For the earnest expectation of the creature waits for the manifestation of the sons of Yahweh.

So all of creation, the earth, is begging to be restored. For those of you watching that have never been here before, this ministry teaches that there's not one scripture in the Bible that says any human is going to heaven or has ever went to heaven. There's a reason for that. The creation is not groaning to go to heaven. The creation, your neighbors, the Bible said the whole earth, is groaning, wailing, begging, to be restored.

But that cannot happen until Jezreel, oh hallelujah! Listen. Yahweh said there's going to come a day when I'll respond to the heavens. Now the heavens are responding to the earth, but the earth is responding to Jezreel. Jezreel is the house of Israel, ok? And what he's saying there is the earth is begging for the rain so that Jezreel can produce the fruits of barley, wine and oil. And it is the wine and the oil that will be poured into the earth that will restore the entire planet because of Jezreel! *OH hallelujah!*

The earth is begging for the fruit of Jezreel. Jezreel! Who is Jezreel? The oil and the wine. Who did the book of Revelations, who did Yahweh tell the angels to make them in their foreheads and do not hurt the what? The oil and the wine. Don't hurt Jezreel. Because if you hurt Jezreel the earth has no hope because the earth is begging for Jezreel to produce the oil and the wine that will heal the whole earth! My God!! *Here's that rain pastor. Oh hallelujah. Let that rain come down. Hallelujah!*

The day is coming and now is where the rain has begun to fall on the crop. *Now brother Vaughn then if the rain is falling why doesn't it just go ahead and heal the whole earth? Why is it just falling? Why is there just certain people responding?* Listen. Listen darling. Listen to me carefully. Out at Remnant Ranch it could rain tomorrow. It could rain all over the land, right? Tell me the only place where the wild flowers are going to come up when it rains.

In good soil. Wait. Hold on. Where's the only place the wild flowers come up? Where you planted them!!! Only where there's planted seed! Listen to me. The only ones that will respond to this rain are the scattered and sowed seed of Jezreel, the house of Israel. The earth does not respond yet because the seed is not throughout the earth. *Glory! Just Jezreel! Amen!*

Why are there only certain one's popping up to the rain right now? That's the seed. It can rain all over. The only thing that's going to pop up everywhere else is grass. The only thing that's going to pop up everywhere else is weeds, thorns and thistles. But if there's seed and this word hits that seed, this teaching hits that

seed, it will bring forth Jezreel. And Jezreel will bring forth oil and wine. And then that oil and that wine will be poured into the man that was laying beside the road sick—YOU ARE THE GOOD SAMARITAN! You are the one who can heal a sick world. *Oh send the rain.* But to heal him (who? That sick man called humanity) you've got to have oil and wine. Who's going to produce oil and wine? Jezreel. Oh the beauty of it. Keep reading.

Romans 8:20

20 For the creature was made subject to vanity, not willingly, but by reason of him who hath subjected the same in hope.

What in the world does that verse mean? Oh it's so easy. The creation, all of earth, was made subject to the curse of vanity, not willingly. When did that happen? I'll be happy to tell you. Genesis 3:15 is when it happened. Because when the serpent seduced Eve the Bible said that Yahweh did not curse Adam. He cursed the woman, he cursed the snake, but he didn't curse Adam. Why? Adam was his son.

Why didn't he curse Adam? Because the Bible said that he cursed the earth for Adam's sake. Are you all hearing me now? Listen, listen, listen. He cursed all of creation so he wouldn't have to curse Adam. He did not curse the seed! Brothers and sisters, listen to me carefully. It was Adam that would bring forth Noah and that righteous seed line. Listen carefully. You need to understand that when Yahweh cursed creation for Adam's sake, here is why he did it. Because he knew that it would be the sons of Adam that would reverse the curse. Once the second Adam got it right then all of his seed would reverse the curse that Yahweh placed on the earth unwillingly. *That's right. Ooh hallelujah. Hallelujah.*

I wish people grabbed it. I wish you knew who you were. *Amazing pastor.* The earth is cursed because YOU ARE NOT! Listen brothers and sisters, the earth is cursed, all of creation groaning waiting for what? The sons of Adam who have turned into the sons of Yahweh—they're waiting for us to be revealed. We're still not revealed yet. Some are in the grave, some alive. They're waiting for the day when the sons of God are raised up into the atmosphere against a backdrop of sky and introduced to the whole world as the new government of planet earth.

The Bible said that that is the moment the earth is begging for because the earth did nothing to deserve a curse. What did the earth do? The earth did nothing. It was Adam that deserved the curse. And that's why to this very day when Paul teaches about women having authority over men, he goes back to that story where God cursed Eve. Do you know one of the curses he gave her? Your husband shall rule over you.

Now in the millennium it will no longer be that way. Equality will return. But now we're not there. Until that time Adam and Eve work together. She was a help meet to him. He didn't rule over her. They were just equally walking together. But now the curse is—therefore Paul said a woman cannot speak to a man like she's a man. Ok, I'll lose half of you right now and that's alright. The seed can handle it. The seed will handle it. *Amen, that's right pastor.*

That's why you women—you need to check your fruit when you stand up face to face to your husband like you're a grown lesbian man. Because there must be respect for that authority that God has placed you under. (Good Lord, nobody wanted to grow that kind of seed.)

But when the seed is coming out of you, you willingly submit. Why? Because then men—you men watching me right now—here's the problem. You want your wife to submit and you're not submitted to anybody. *Amen.* And you wives want your children to submit to you—you mothers—while you're not submitted to your husband. They laugh at you. The wife laughs at the husband because she's not submitted to anybody. Oh you're submitted when it's easy to submit, but not when you get checked by your authority that God has placed you under. *Ooooh. That's right, that's right.*

And so now the children mock the wives. The wives mock the husband because the husbands tell them...ain't nobody gonna tell me what to do. Ok, so therefore, you're not going to tell me what to do Jack. And the kids are saying...you all ain't telling me what to do. In other words, the whole thing is cursed. It's out of whack. The kids are now running the house. I've never seen so many scared parents in all my life.

Boy, I wish one of my children would ever bow up to me. I'd knock the teeth out of their face. I've got three grown men right now who are my sons that have never bowed up to me. Never! Do you know why? The Bible said that I have authority over them. And the Bible said if I spare the rod I'm going to destroy them. Some of you haven't got any business being parents. Your kids, you get them to church. They run you. You can't even enjoy a church service because you're scared of your kids.

Do you know why churches have all these places to put your kids? Because you haven't got any control over them while your having church. Oh see everybody got quiet now so let me go on. *Oh hallelujah. That's good pastor! Hallelujah. Truth there.* The whole thing's out of whack. When your children say they don't want to eat something. Well they don't like that. I wished I'd had told my grandmother I didn't. I got allergies. She'd have laughed at me. I can't eat that I got a stomach problem. Then starve! *Until you eat.* You're gonna learn son that

you don't run this house. *Oh come on. That's right pastor. Order back in the home.* I'm telling you. You parents are scared of your kids. And do you know why? Because no pastor has loved you enough to tell you how this thing's supposed to work and set up in Godly order.

Let me tell you something. When your children go to screaming in your house... hmmm. That's your house, not theirs. Do you hear me? That's your house, not theirs. *That's the way the world works.* That's the way everything works now. But we are not of this world. We do it the Bible way. Brothers and sisters, listen to me. The reason our world is in a mess is the parents now get permission from the children where we're going to go eat, how we're going to do this and that. No, no, no.

When I was growing up, they said...hey be dressed by 8:30 in the morning, we've got to go over here. I wish I had said something. Everything is out of control. First Harvest Ministries is trying to teach you Godly order in all of our lives. Why? Because as God is putting the church in order he's putting the house in order.

Let me show you something. If you all want to get in a convoluted mess, you go to a Bible study just like this one where nobody knows who's in charge. *Amen. Thank you pastor. It's all out of order.* It won't be long. You'll have so many strange doctrines, so much junk. Not only will you have fighting going on about this and that, but...*how do you see that scripture?* I don't want anybody saying how do you see it? I want somebody say to me...what's the truth about that scripture?

You need a teacher. You need someone. Why? Order. Anything with more than one head is a freak. *That's right, that's not rain.* There must be order in the church and in the home and at work. You're to submit to your employer. Hey, do you know your employer, whether you like them or not, has authority over you? The apostle Paul said to obey your employers. *That's right. Amen.* If they say show up, you show up. We're in a world today where employers are now scared of employees. I've never seen a world like we're in today.

But look, let me tell you that can happen anywhere. Let me tell you where it's never allowed. In the house of Israel. We do it in order the way God said to do it. As that seed is growing in us, the Bible said in the last days men would despise government. Every man would do what is right in his own eyes. *Oh that's right.* Hallelujah. Keep reading. Glory. I'm almost done.

Romans 8:21

Because the creature itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of Yahweh.

The creature...creation will be delivered. Isn't that a beautiful promise? From the curse. And they will experience the same liberty across the whole world that you have now experienced. The children of God. I wish people understood that verse. It's more beautiful than heaven. *Restoring all things.*

The creation is going to be restored and they're going to become just like First Harvest. They're going to walk in the same knowledge, the same freedom, the same everything that you are. They're going to keep the Sabbath. They're going to go to Passover. They're going to go to Tabernacles. They're going to have their houses in order. They're going to have their everything in order. Everything that's upside down now is going to be turned back right side up. Men will be men again. Women will be women again. *Amen.* Children will be children again. Animals will play with one another. It's all coming back to me now! *Amen. Hallelujah. All things will be restored.*

EVERYTHING WILL BE RESTORED.

And by the children of God. Not by Yahshua. If I could ever get that in your mind. It is not Yahshua who's going to do the restoration. It is the children of God, the brothers of Yahshua. They will govern for Yahshua. *Praise Yahweh. Hallelujah. Move forward Israel.* And that's right elder. That's why Yahweh created the church.

Now listen. I hear a lot of Messianics who are in a mess. I saw somebody yesterday post a post, and I would show it to you but I don't want to call his name out. He said, if you want to get biblical shut down all the churches and quit giving tithe to the church. Now this brother is a Messianic teacher. There is a disease in the Messianic movement against the structure of the church, against any organization whatsoever.

Somebody told me that I don't believe in organized religion. And I said...what do you believe in? Unorganized? Ok? Do you know why these people say shut the churches down? Now I realize Babylon, I get that. But you need to lose your hatred of the church. Imagine a world without the church. I want you to imagine it. I want you to imagine a place where the church of the living God is not identifiable in any location anywhere.

Well pastor, in the early days they went house to house. That's because they didn't have a church. They were so poor and so small of course they went house to house until they started meeting at Solomon's porch. That was their first church building. People tell me...*well we're just going to go in a home meeting.* Because they don't want anybody controlling it. They don't want anybody in charge. They want to jump house to house with a board running everything so

there's nobody in charge. They're running from the structure of the kingdom of God (pastors, evangelists, teachers, apostles, prophets). They're running from the very thing that will keep them out of the rabbit holes that they jump in every Bible study. You're running from the structure.

Now, go to Jerusalem. You'll find church buildings that were there right after Christ died that belonged to Christians, Nazarenes. The problem is not the church building. *Well we're going to go meet in a living room.* What do you think the sanctuary of our church is? It's a big living room where we all live together when we come to church! Bunch of dummies. *Amen.*

We're going to meet in the living room. Well come to our church. It's a little bit bigger than a living room. Hardly, but just a little. It's a big old living room with chairs. Sit your butt down and you're in a living room. I haven't in all my life seen people hate the church. They hate the structure. They hate the authority. They all get together on a Zoom call. *Well what's your opinion? How do you feel about that verse?* And you're asking somebody that doesn't have any business trying to interpret a scripture than a man in the moon. You all are going to wind up in a mess is what you're going to do. Quit hating the church.

I'm not talking about Babylon. I'm talking about the real church. Thank God we have buildings we can assemble together in that's comfortable and convenient. Look, I don't want 50 people in my living room. *That's where we got called out of pastor.* We've got to have the true church. We've got to have a place to gather. I mean what happens when the living room's too small? *Then we'll go outside.* Alright then. Come to church and we'll go outside. I mean really? Think about it.

I want you to think about it now. Think about what I'm telling you. Whenever Paul and Silas went to prison, the Bible says that the church had gathered together and was praying. The church gathers. That's what we do. Quit being an island. You are not the church. You are not the temple of God. **WE ARE.** *Hallelujah! We are! The whole body.* We are! *Oh hallelujah.* And that's why if there's a gathering in your region, get there. Why? You have done what the scripture said—a holy convocation.

Why do we need the gatherings? Yahweh knew we needed it. Listen. Any business will tell you if business is slow and sales are going down, all you have to do is have a sales meeting. That's all you've got to do. I owned car lots. And when sales would go down, all we had to do was have a hoo-rah-rah sales meeting. And the next day the numbers went back up. The same way with network marketing. 7K, Melaleuca or any of them. If your sales is going down, have a quick Zoom meeting with everybody. Get everybody refocused (that's the word). And the sales will go up the next day.

Yahweh understood humanity. Yahweh knew that we would get tired, we would get weary, we would lose focus, we would lose our desire, we would lose our mission. So he said every Sabbath I want you to come back together. Why? Into a holy convocation so we can refocus. *Refocus, restart all over again.*

Restart. Refocus. He said three times a year I want you all to gather together because you're going to need one another's hugs on this journey. *Amen.* You're going to need somebody to look you eyeball to eyeball and you can feel their love for you. And they look you in the eyes and say...You call me and we will pray for your situation. Yahweh knew what we needed. We need to be able to look you in the eyes and say...what's wrong with you, you're not right, what's wrong with you? We need to notice when you're not acting right. Not to condemn you, but to save you. Not to harm you. Not to get in your business, but just to get in your business.

You need the church to notice when you're falling. You need the church to notice when you're weak. None of you are super heroes. Every one of you are dying and living at the same time. You need your brothers. You need to quit letting the Messianic movement turn you against the church. The church is the greatest thing on the face of the earth. Don't run from us. Why? We're not here to harm. We are here to help yet sometimes help looks like harm. *We need that help of correcting.* That's right sister. We need it. All of us need it.

I have a pastor. And there are times when my pastor will walk up to me, and he'll put his hand on my shoulder and look at me, and say...what's wrong son? He knows I'm not acting right. He knows I'm off. You know there's other times he'll come up to me and say...why did you make that decision? That's a stupid decision. In other words, we've got to have it. Without it we're all a joke. *Amen pastor.* Who's going to correct us? Who's going to notice when we're not acting right? Your brothers and your sisters.

Do you know the Bible says...submitting yourselves one to another? Don't turn against the church. The church is the kingdom of God in a pre-shadow form. We are training you in the church how to die. We're training you how to pray. We're training you how to love one another, how to deal with people. That's why Yahweh created the church, the house of Israel. *Amen pastor.*

I had so much more I wanted to get to today, so much more. I haven't even started in Hosea where I wanted to go today. But I'm going to give you all a break today. I'm going to cut it short. There's so much more I wanted to talk about. But I really believe at this moment that I'm following the leading of the Spirit. I believe Yahweh wants me to end with those words—to fall in love with the church.

Thank you pastor. Amen. Thank you pastor. Thank you pastor. Don't fall away from the church. *Amen. Thank you so much pastor.* You're welcome. You're welcome. Hallelujah. Hallelujah. I feel the rain. I feel the rain.

I'm going to say this before going. Before I leave I want to say something that's going to shock some of you. Let me say this before I go. Until you learn to love the church as much as you do Christ, you have missed the message. Because the church is Christ. *And he laid his life down for her.* You cannot love the head and cut off the body. *Amen. Love me, love my body.* Amen. That's what he said. He said if you love me love one another.

Brothers and sisters, I plead with you today. There is no perfect church. Do you understand? There's no perfect pastor. There are no perfect people. Do you understand that you're going to see things in the church. *Oh well there's so many hypocrites in the church.* And where else do you expect to find a hypocrite? *Amen.* You won't find one at the bar room. Hypocrites go to church. Yes. But sometimes what you call hypocrites are really just a struggling shell that's still trying to die. *Amen pastor.* And because they made a mistake and they're not quite dead yet, you call that hypocrisy.

Ohh hallelujah. No. They're just like you. They're changing. But they're not yet fully changed. And your job is to allow them the change, and to be ok with the fact that they'r not dead yet. *Amen, it's called forgiveness.* We forgive quickly. We overlook quickly. Brothers and sisters, you're going to rule and reign in the coming kingdom of God on planet earth.

I want to say this to you. Passover is not something you have to think about, if I'm going to go. I want to read you a scripture. It's in Numbers 9:13.

Numbers 9:13

But the man that is clean, and is not in a journey, and forbears to keep the passover, even the same soul shall be cut off from among his people, because he brought not the offering of Yahweh in his appointed season, that man shall bear his sin.

Listen to what he said. If you are clean. He's not talking to sinners, only clean people. If you're clean. He didn't say perfect. There's a difference in perfect and clean. Dogs are clean animals but they're not perfect. Some of you think they are, but anyway, ha, ha. In other words just because you're clean that doesn't make you perfect, right? He said those that are clean you're welcome to come to Passover. And those that are not on a far journey. Those who are not living a life of sin. You're not on a far journey. You're not backslid.

He said if those people choose not to gather for the Passover...listen to what he said. The person will be cut off from the house of Israel because he brought not the offering at the appointed season. And that man shall be guilty of sin.

If you're still thinking about coming to Passover, you're not dead yet. You don't have a right to think about that. You've been commanded. Die. Just go ahead and die and obey the word. We don't decide. Now am I talking to those who have husbands who will not allow them to go? No. Am I talking to those who are sick, that cannot go? No. You all know what I'm talking about. If there is no reason that you cannot go—go. Why? Your blessing is in your obedience.

And we're Israel. We're not like the world. We don't decide where we're going to go. We're sheep. He says go on the 14th day of the first month—we go. Why? We're just dumb sheep. We don't decide when we're going to have church. Our shepherd said have it on the Sabbath day. And we say: Yes sir .

I need you to hear my heart today. Quit being a goat and butting the word of God. Goats have a butt. They head-butt everything. Your “buts” are going to get your butt in trouble. *Well I would go, but...* No, no, no, no, no. Sheep don't butt. We have no butts. Sheep obey. Every one of you today, I plead with you. Allow the seed of obedience to produce the oil and the wine in your life so that you and I together will be counted worthy of the first resurrection that we might rule and reign together in the kingdom of God.

Yahweh bless you. Shabbat Shalom to every one of you. Thank you for joining me today. I love you.
