

The Sacred Simplicity of the Sabbath

Pastor Vaughn, Chapter Nine Sabbath and National Judgment

The prophets had warned Israel
if the Sabbath was ignored,
“your land shall be desolate”.
Judgment is assured.

It wasn't just a command,
the Sabbath was used as a measure
for the heart of Israel,
to expose what it treasured.

When honored, it brought blessing.
When neglected, suffering and lack
and a time of measured judgment
to try to bring them back.

What about today's world?
The nations rage and morals decay.
Sabbath continues to be neglected
while progress leads the way.

But there is a Jubilee coming
when all the nations shall rest,
all the captives be set free,
and the earth itself be blessed!

Let us honor the Sabbath now.
We're rehearsing when we obey
for the day King Yahshua comes
to take the curse away!
