

The Sacred Simplicity of the Sabbath
Pastor Vaughn, Chapter Three

The War on Time - How Babylon Replaced Yahweh's Clock

It all began in Babylon,
long before the Vatican's decree.
The seventh day was replaced
by the first day of the week.

No longer in rhythm with heaven,
mankind had no rest.
They labored with no memory
of how they used to be blessed.

But the Voice of Elijah
is crying out today
to realign the people of Yahweh:
“Remember the Sabbath Day!”
