## OUR FARM

*We pride ourselves in the diversity that we grow and how we grow it.*

The Shire is a diverse oasis of plants and animals, just East of Aurora, SD. We raise non-GMO, heirloom, and chemical-free vegetables, grains, honey, fruits, and more. We are the most diverse CSA program in South Dakota, and offer an unique opportunity for food lovers.

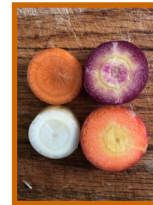

See our full veggie list and other products at [littleshirefarm.com](http://littleshirefarm.com).

## WHAT IS A CSA?

Community Supported Agriculture (CSA) is an opportunity for consumers to support our farm early in the season, and in return get a season full of veggies, meat, eggs, and honey products directly from the farmer. You get the freshest food and ability to pick your favorites & sample the 400+ varieties of vegetables, mushrooms, honey, and other products.

## HOW DOES IT WORK?

**Our CSA is unique**, each year we grow 400+ varieties of vegetable paired with a sampling of our other farm products. Joining our CSA is like becoming a “shareholder” in our farm. As a Shareholder, you will receive a basket of our veggies...strategically paired with our other products every week. CSA shareholders help support us before the season begins, allowing us to purchase seed, greenhouse expansion & grow our markets. We produce raw & infused honeys, cider, apples, pet treats, microgreens, mushrooms, corn meal & popcorn, eggs, extracts, caramels, and many other items that we are experimenting with.

Our shares are limited to **only 4 Shares in 2020**. This allows our shareholders to sample a lot of new and unique veggies, fruits, and other products. that won't be available to our market customers.

Our baskets are not for the faint of heart, and seek a home with a healthy appetite for new and unique veggies, and value-added agriculture products. Generally, harvests are a little lighter in May and October, while those in June thru September will be significantly larger. On average, the volume of produce members receive through our CSA is 30% greater than if shopping at our farmer's markets or on-farm stand.
