

GALVANIZED TAPERED TUBE GATES

Galvanized Tapered Tube Gates are designed to be used with a surface pipe. The tube is tapered so that surface pipe will slip easily over the tube permitting quick, easy setting of the surface pipe and efficient transmission of water to where it is needed. Their rugged construction of heavy galvanized iron and our superior designed slide assures long life and trouble-free operation. Sizes of Tapered Tube Gates other than those listed are available on special order.

Type of Slide	Width of Slide	Tube Length	Tube Diameter		Approx Weight	Size
			Large End	Small End		
Notched	2½"	4"	1¾"	1⅜"	0.24	1½"
Notched	3⅛"	4"	2 5/16"	1⅞"	0.38	2"
Flanged	4¼"	4⅜"	3⅜"	2⅞"	0.82	3"
Flanged	5¼"	5¾"	4¼"	3⅞"	1.3	4"
Flanged	6¾"	6½"	5¼"	4¾"	2.4	5"
Flanged	7¾"	6¾"	6¼"	5¾"	2.9	6"
Flanged	9¾"	7⅞"	8¼"	7¾"	4.0	8"
Flanged	11¾"	7⅞"	10¼"	9¾"	6.0	10"
