Re: Request for Pre-Qualification for Personal Protective Equipment (PPE)  
RFSQ Reference # 7697

This is to advise that the evaluation committee has completed their evaluation of Mewasin Business Forms Plus Inc's submission for the above-noted competition and have selected Mewasin Business Forms Plus Inc as a pre-qualified supplier of the goods and services.

Your company will be included on a prequalified list of suppliers that are eligible to participate in an invitational second-stage competitive process for the potential provision of PPE to Government of Saskatchewan ministries, agencies, crown corporations, and MASH (municipalities, academia, schools, or health care) organizations, and First Nations Schools.

Prequalified suppliers are not guaranteed any volume of goods or services, as all orders will be on an "as required basis".

Thank you for responding to this competition. The Government of Saskatchewan looks forward to receiving other submissions from you in the future.

Sincerely,

Heather Kemp  
Procurement Specialist
