BLOCK INFORMATION

Buildings are required to sit on concrete blocks
or other prepared foundation.

**Customer is responsible for providing the blocks and
making them available onsite at the time of delivery.**

We DO NOT provide concrete blocks.

Drivers provide wedges and shims ONLY!

Blocks are 4x8x16 Solid Pads, 8x8x16 Cinder Blocks, and/or 4x16x16 Solid Pads.

Blocks are normally placed 8 ft apart on outside skids and 8-12 ft apart on inside skids

Buildings are never allowed to be higher than 24" from the ground

If you have any other questions about blocks, concrete pads, or leveling please ask your driver
when the driver calls you to schedule delivery.

The following block count is an estimate provided by the dealers best judgment based on the
information provided to them at time of purchase, please be aware that ground conditions and
other unknowns may cause this number be greater or less.
