FILMING FOR CHARITY

Dear ,

Imagine a dusty street in Niger, Africa where a small team of **heroes operate a village clinic**. They fight against impossible odds to save lives.

An orphanage in Mexico makes ends meet on a **shoestring budget**, while trying to give children hope & love in the midst of instability & hardship.

Across the globe, incredible charities are pouring their hearts into **loving people well**; tending to the sick, feeding the hungry, and lifting the forgotten. These are real heroes, transforming lives every day.

However, the heartbreaking truth is that no one knows their stories. In a world flooded with noise, these quiet acts of **kindness remain hidden** in the shadows. Without

visibility, donations dry up, and their impact fades.

How many lives could be placed on a new trajectory if the world knew about these charities? ***How many children*** could flourish and make it to adulthood if these heroes had a ***spotlight?***

That's where Filming for Charity steps in. We're not just filmmakers, we're ***storytellers on a mission***. We are passionate about passionate people. So, we create impactful, high-quality documentaries for amazing organizations, at no cost to them.

If there is a charity loving people with raw hope and unyielding strength, we at Filming for Charity long to capture their story and ***share it with the world***.

We have ***already spotlighted charities*** by producing powerhouse documentaries that have multiplied donations and have ignited change. But, the average cost of a film is

\$58k, so we can't continue without your support.

Your generosity makes our mission possible. There are charities out there, perhaps ones close to your heart that are doing extraordinary work, but they are unknown.

By donating to Filming for Charity, you're not just being generous once, you are sparking generosity in others for the life of the film, ***multiplying donations*** over and over again. The ripple effect of just one film impacts lives for generations.

FILM IS POWERFUL

Are you an ***Executive Producer*** of change?

Help us "Greenlight" our next life-changing film by giving a ***100% tax deductible*** donation today.

DONATE NOW

Thank you for caring & much love to you!

Sincerely,

Willie, Troy, & Joey
