

Hello baseball families,

I am reaching out to current class of 2024 High School baseball players who are interested in playing summer baseball. This team will be playing in Livermore and the 680 corridor in a summer baseball league. This team will be coached by Steve Friend and Chuy Martinez. We will be looking to fill 15 roster spots.

We will play 30 to 35 games in a wood bat summer league that runs the 680 corridor. We will play 3 to 4 games a week starting June 13 thru the end of July. Games will take place at high schools from Dublin to Clayton Valley. We will play half of our games locally here in Livermore. All games will have umpires. We are also going to play in at least 1 showcase tournament this summer.

This team will be coached by Steve Friend and Chuy Martinez. Both coaches are very well respected and are students of the game. Steve was a coach and manager for the Chabot Gladiators where they had many successful seasons. For those of us that know Chuy we all respect him. He has many successful years as a coach and has always been great at relating the game of baseball to all his players.

This team will compose of a roster of 15 players. We will have tryouts January 8th in Livermore. The cost of the team will be approximately \$1,000. I do not anticipate the cost being any higher than that. We will finalize the cost after we order hats, jersey's, field rental and showcase fees.

Feel free to reach out to me with any questions you have. We are finalizing details as this email goes out. We anticipate our home field will be at Granada. We will also try and put together a poker tournament or golf tournament to help cover the costs.

Thank you,

Mike Phillips
