Apparel Brand	<i>Business Name</i>	Professionally Proud	LGBTQ owned	
	The Professionally Proud vision: To create a wearable product that professionals can rep definitively and boldly to showcase their belonging to or support of the LGBTQ+ community. This way, their patients and customers feel comfortable with an unspoken level of trust and support before an interaction even occurs. The method and connection is simple: LGBTQ is an acronym of multiple letters with meaning, as are many designations within the healthcare system and professionally setting beyond (MD, DO, RN, JD, PhD MSW, PT, OT, etc.) With the simple plus sign added at the end of most LGBTQ uses, you have a bridge between the acronyms and a fusion of their meaning. With the customizable logo, our product can reach every sector of the work force. This allows the overarching brand, Professionally Proud, to become an umbrella term for connection of these individuals and provide a visual network of LGBTQ working professionals.

Art	<i>Business Name</i>	Queen of Cups Ceramics	LGBTQ owned	
	I'm Torie and I am the owner and artist behind Queen of Cups Ceramics. My passion for ceramics started when I was in high school. From the first time that I learned how to throw on the wheel I was hooked. Since graduating from Buffalo State with a degree in Ceramics, I have found a store front that also serves as my own studio. I have been enjoying incorporating hand paintings on each piece, so no two will be the exact same. Since opening Queen of Cups, I have also been given the opportunity to teach classes and workshops at different places around Buffalo.

Church / Religious Organization	<i>Business Name</i>	St. James United Church of Christ LGBTQ supporter		
	<p>Have you been hurt by religion in the past? Haven't been to church in many years? Don't like going to church? Are you skeptical? At St. James United Church of Christ, we explore the questions of our faith by taking the Bible seriously, but not literally. As a congregation of the United Church of Christ, we celebrate our diversity! We are proud of being a church that is radically inclusive, extravagantly welcoming, and evangelically courageous. We believe that faith is a matter of heart and mind. We believe that taking the Bible seriously does not mean taking it literally. We believe that God embraces all people equally. We believe that we are called to be nothing less than global citizens. We believe that the social expression of love is justice. We believe that every generation is called to discover new faith traditions. We believe that God continues to speak through the actions and words of people today, just as in times of old.</p>

Merchandise	<i>Business Name</i>	Mental Hippie	LGBTQ owned	
--------------------	----------------------	----------------------	-------------	--

	I'm Lexy! Mental Hippie is my shop, but also my online persona. It's just authentically me. I've never been one to hide my mental health issues, and it's a big part of my creative process. I wouldn't be able to create art without trauma. As an adult I love nostalgia, and a lot of the items in my shop are based on that, and I enjoy giving them a 420 spin. I do a lot of pieces with cartoon characters, I like to think I'm healing my inner child this way. Mental Hippie is owned by a curvy bisexual stoner with mental illness. We do not stand for discrimination of any kind, and we love & support EVERYONE, as long as you're not racist, ableist, fatphobic, homophobic, or transphobic. 💜

	Delta Mu Art is a personalized art business, specializing in erotic/nude portrait of individual who have Phallic Genitals. I am a self taught artist trying to establish myself in the elitist world of art! Erotic art can be dated back as early as the Paleolithic Era in the form of cave wall painting, and has been a prominent theme of art throughout human history! It has hit a cultural snag because it's depiction of being "lewd", but the beauty of the human body should never be discouraged! I enjoy drawing all types of people, and age (as long as 18+), body shape, skin color, circumcision status, hair preferences, or any other beautiful variation matters when accepting new clients!
