"We are always happy to work with you and value the support you have provided our firm in the past. Much appreciated." Partner.

"Of course, I support your efforts in delivering creative facade solutions."
Associate

"Experience suggests you will be representing high quality and likely innovative facade materials and will bring considerable technical expertise to the table, for projects currently in design I look forward to seeing the Facade Systems offering in the near future." Chief Architect

"Yes – we would certainly be interested in continuing to work with you as opportunities present themselves. Best of luck with the new line and venture." Owner Architectural Firm

"I would love to have the opportunity to work with you again with some of the new facade materials you are bringing in. I can't wait to hear more about it when you are ready." Partner

"Our team has enjoyed interfacing with you personally and with Façade Systems Inc. on several projects. You have always been an experienced voice in the world of facade materials, so we look forward to continued discussions on how we can realize our design objectives, from both an aesthetic and technical point of view. We look forward to hearing more about the new products you are bringing to our market." Partner

Thank you for the kind words...

Blair
