

'Our City' Project

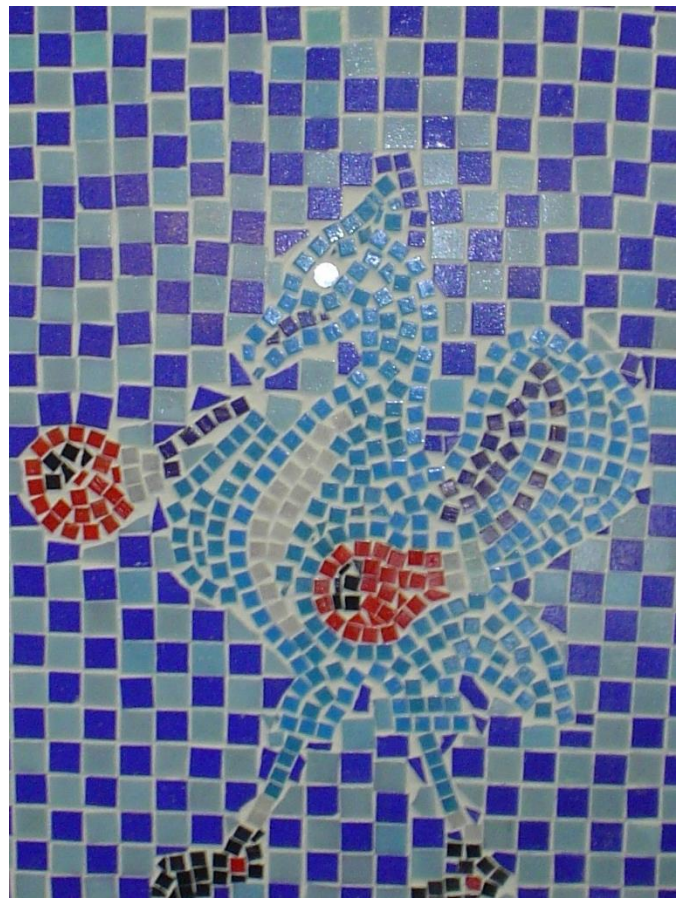

Mixed media mosaics

8m x 2m

Commissioned to design and lead a six-week educational arts programme for thirty young people attending a youth inclusion programme. Debbie led the creative activities with support from youth workers at youth club sites across the city of Liverpool. The main sites were Harthill, Everton and Muirhead youth clubs.

All pupils attending the programme learnt about the theory and practice of mosaic making. Each pupil successfully designed and created their own mosaic. At the end of the programme term students could take their artwork home and were given advice and installation equipment.
