

# What is CSP

The Casework Support Program is a program we run with Youth Justice (YJ). Our caseworkers will work closely with YJ, you and your family to help you achieve goals to make your life the best it can be. We truly care about your wellbeing and will support you get the main things you want and need out of life, while supporting your YJ Case Plan or YJC Outcome Plan. We can help you by:

- Helping you get connected to your culture
- Providing mentoring and support
- Getting job ready
- Getting your ID or drivers licence for some independence
- Assisting you with your Centrelink Application
- Supporting you to enrol in school, alternative education or TAFE
- Recreation and activities pro social lifestyle
- Housing? We will support you with that process too
- Feel like counselling could help and not sure where to go? We are there to connect you with the right supports!
- Exiting custody? We are here to help!

## How long is the program?

*The program runs for up to 12 weeks, providing you with regular support, guidance, and check-ins along the way.*

## Interested in getting started?

*Have a yarn with your Youth Justice Caseworker or Convenor if you think this extra support could benefit you. They can help organise an intake meeting with the service in your area.*

*We're here when you're ready – and we're excited to help you turn your goals into reality!*
