

GOVERNMENT CONTRACTING

NKN Creative Solutions LLC is a microbusiness, woman- and minority-owned consulting and creative studio providing strategy, training, and design support to government agencies and prime contractors under CAGE Code 18BJ0 and UEI EU53QM3NGNN9. We help programs and initiatives communicate clearly, operate efficiently, and deliver engaging experiences online and in person.

CORE CAPABILITIES

- Administrative and management consulting (NAICS 541611): Program and project planning, operations improvement, launch support for initiatives, and small business/entrepreneurship capacity-building.
- Professional and management development training (NAICS 611430): Workshops, virtual and in-person trainings, and curriculum design focused on business planning, funding readiness, and program implementation.
- Graphic design and visual communications (NAICS 541430): Branded toolkits, reports, pitch decks, infographics, event collateral, and digital materials that translate complex ideas into clear visuals.
- Event and workshop support (NAICS 561920): Planning and coordination for targeted trainings, small conferences, and community-facing events tied to entrepreneurship and program outreach.

- Email: nkncreativesolutions@gmail.com

DIFFERENTIATORS

- Integrated strategy + design: One partner that can both shape the program strategy and produce the supporting visuals, trainings, and materials.
- Microbusiness agility: Lean, highly responsive, and able to customize solutions quickly for pilot programs, fast-turn initiatives, and underserved communities.
- Community-grounded experience: Hands-on work with small businesses and program launches gives practical insight into what stakeholders actually need to implement plans.

PAST PERFORMANCE & RELEVANT EXPERIENCE

Representative work includes business planning, funding-readiness support, and program design services for small businesses and community-based initiatives, as well as branding, event collateral, and training materials to support launches. Detailed past performance examples are available upon request.
