# How did PUN-TASTIC WAYS FOR BRIGHTER DAYS begin?

Dominique Liongson loves to hear and laugh at a good joke. Over the years she had several attempts to retell jokes to her mates, with the goal of enjoying the laughter with them, and to feel great together.

No success. Within those attempts, Dominique got lost with the sequence of the jokes, which meant zero laughter, and it felt far from great. So, she tried reading and listening to jokes, while picking up their patterns. Somehow, joke reading and joke listening worked to make joke retelling easier; they helped yield buckets and buckets of laughter.

Then Dominique accepted a challenge to write her own jokes. After years of borrowing jokes from other sources, she felt it was time to work from her own creative mind instead. By 2017, she grabbed a pen, and wrote one riddle pun a day for a year. Yes, she did this for 365 days.

With the cooperation of Dominique and the publishing team, PUN-TASTIC WAYS FOR BRIGHTER DAYS is her bundle-of-joy book that came to life. Now ready for you to read and decide — whether to roll your eyes, or to crack up laughing.

That was how PUN-TASTIC WAYS FOR BRIGHTER DAYS began.

# ABOUT THE AUTHOR

Dominique Liongson is an artist in the field of following recipes of artistic skills and from there, creating her own recipes.

From either following the rules to the letter, or breaking some so she can create her own style, Dominique's art involves projects with clever use of three-dimensional (3D) crafts, 2D visuals, and 1D written words.

As for her intellectual side, Dominique believes IQ level and educational attainment do not matter. She believes that *how* the intelligence is used, is far more important than its rating or numerical value.

In the case of PUN-TASTIC WAYS FOR BRIGHTER DAYS, Dominique used her witty brain to complete this book project with clean funny riddles. She added the following elements to fill up the reader's light and darkness: 1) love to a hungry heart; 2) joy to a suicidal soul; and 3) peace to a mace-sprayed mind.

Just like an experienced pilot, these jokes land smoothly every time. ★★★★★

I have never seen a book full of such thought provoking humour. So many ways of thinking about things that no one has thought of. A unique mind in action.

**(Louise Moriarty - Poet - Tugun, QLD, Australia)**

Very good play on words in the English language showing mastery of phonetics with subtle humor. Well done. Congratulations!

**(Pacita H. Monteleone - Teacher - Metuchen, NJ, USA)**

If you think puns are pun-ny, here's the book for you! 365 puns and brain teasers to keep you and your family occupied every day of the year.

**(F. Trapaga - Sydney, NSW, Australia)**

Dominique's book reminds of me jokes I would crack to my younger sister when we were kids. The lines evoke child-like wit, a form of entertainment that is lost — and very much welcome — to the busy and anxious adult mind. I foresee this book as a useful read while bonding with children.

## **NEW YEAR'S RESOLUTION: A Clean Pun a Day for a Year Gold Coast, QLD, Australia**

Need an interesting New Year's resolution? A lot of us have our minds filled with dirty jokes. Somehow, clean jokes that provoke eye-rolls, smiles, or laughter are hard to find.

This Pun-tastic book was written from the creative mind of Dominique Liongson. "I feel the comedy industry today indulges in too much filth," comments Dominique, "We're living with cringeworthy humor so the idea is to bring awesome wholesome back; I've done this through the art of clean riddle puns."

Dominique is a one-dimensional (1D) author, 2D illustrator, 3D crafter, and one word to include all that... Artist! She finds it pointless to list her educational attainment, because she believes that how the

intelligence is used for, is far more important than its branding, rating or numerical value. It is more about the use of intelligence for good or bad intentions. In her case, she used her intelligence with care and good cheer to produce that mighty little book with good intentions.

PUN-TASTIC WAYS FOR BRIGHTER DAYS is a good clean fun book for anyone who want to step into the next level after knock-knock jokes. Get it in paperback or eBook; to give to yourself or to someone special. Now available online and selected brick & mortar stores.
