

Yarnell Regional Community Center Thrift Store

July 27, 2020

To our YRCC community,

The health and safety of our volunteers, employees, and our community remains the highest priority. Please note, effective August 3, 2020 (subject to change).

YRCC Thrift Store and Donation Center will move forward with the following:

- **YRCC Thrift Store will begin accepting by Appointment ONLY, contactless donations of household goods.**
- **Please call 928-427-6347 Monday-Friday between 10:30am -12:30 pm to request a contactless donation appointment.**
- **Our donation scheduler will return your call within 24 hours and schedule your contactless donation drop-off.**

What you need to know:

1. Donations will be quarantined for a minimum of 72 hours before processing them. (This procedure limits the amount of donations we can accept on a given day due to space limitations.)
2. When you are called to schedule your appointment, we will ask what you are donating and how much you are donating. (We need you to be as specific as possible, so we don't overschedule our donation drop-offs due to our limited space.) Donations above and beyond what is stated, may not be accepted, depending on our scheduled donations for that day.
3. Our volunteers will not be assisting with unloading your donations (Contactless donation drop-off). So please bring your own muscle!
4. We have four (4) storage areas set up as drop-off points for your donations to allow for the 72-hour quarantine, so space is literally extremely limited.
5. When your appointment is made, you will be notified of your drop-off location.

We appreciate you working with us as we slowly move into phases of being able to reopen YRCC Thrift Store!

YRCC Thrift Store will continue to closely monitor COVID-19 and make all business decisions based on the guidance provided by local and national organizations like that of the CDC and Northern Arizona Council of Governments (NACOG). We assure you that our Center remains a safe place.

Thank you,

YRCC Thrift Store
