GPS Address: 810 North Brentwood, Marietta, OK 73448

Margaret and Rodney Howell

Ranch Manager Nate Martin,
Mindy and the Girls

Cattle manager
Nathan Davis

Operations
manager Joe Bob
Roberts and Beca

welcome to the sale

Margaret and I would like to cordially invite you to our Second Annual Female Sale. We have kept most of our females for several years and are entering a new era at Lone Star Angus with an annual female sale. We are offering spring pairs, heifers bred to calve in the fall, and short bred heifers that will start calving in January. We have used Clarity heavily in our ET program, and his daughters and granddaughters are some of the real standouts in the sale offering.

We are blessed to have bull and female customers that have used, with great success, our genetics for decades. Our focus has always been on maternal quality, exceptional growth, and carcass merit. Poss Winchester, Clarity, Fireball and SS Identified were used heavily last year. The short-bred heifers are AI bred to B I G Fleetwood, Winchester, Identified, and KA Kindred.

In order to display our females properly, we are having our female sale at Brooks Cattle Company in Marietta, Oklahoma. From my upstairs deck, I can see Marietta across the river about 4 miles away. Nice accommodations are available in both Gainesville and Ardmore, which are both about 15 miles from Marietta.

Nate Martin, our ranch manager, is an experienced crawfish boiler, and we are going to utilize his skills. Margaret and I would be honored if you would join us in Marietta at the sale facility on Friday evening, May 17, for our second annual crawfish boil. This year we are adding boiled shrimp to the evening meal. Our customers seem to fall into two camps on crawfish - they either love them, or won't eat them. Please come early, as the females will be on display.

In conclusion, Margaret and I are indeed blessed to live in a part of the country where God, Family, and our Country are still priorities. The abundant rainfall this spring has been a wonderful change. It is also a delight to live in a beautiful location where my great-great-grandfather, Robert Dillard, built a log house in 1861. Margaret and I have been in the cattle business since 1976, but the decision to start a registered herd was a defining moment. It has led to so many great friendships and wonderful experiences.

Again, Margaret and I invite you to join us on May 17 and 18 in Marietta for great cattle, food, and fellowship.

Margaret Howell & Rodney H Howell

Dear Friends and Fellow Cattlemen,

Welcome to the Second Annual Lone Star Angus Female Sale. Recent rain has got the grass booming while cattle prices are at an unprecedented level and look to stay that way for the foreseeable future, so this sale presents a great opportunity for you to add young females with fresh genetics to your herd.

The cattle are backed by generations of AI from an historic Angus ranch. Whether you are seeking a young donor, starting a registered herd, or simply adding young females to your current herd, you will find what you are looking for among this offering. The pedigrees represented include some of the top AI sires in the industry, as well as leading Lone Star Angus resident herd sires.

For each transaction that is made, Rodney and his family want the customer to be satisfied, and they strive to build lasting relationships.

I want to thank Rodney and the crew at Lone Star for allowing me to be a part of their program, and I encourage you to evaluate the needs of your operation, and join us Saturday, May 18, for this great event. Please do not hesitate to call me with any questions or if I can help you in any way.

Sincerely,

Matt C. Sims

Sale videos are available at www.mcsauction.com

HOW TO PARTICIPATE ON **LiveAuctions.TV**

1 CREATE AN ACCOUNT

Click "Register to Bid" on the top right corner of LiveAuctions.tv. Fill out the required information to bid online. Agree to the terms of service and finish with the "register" button.

2 REGISTER FOR A BUYER NUMBER

From the home page or the "all auctions" page, choose the sale you're interested in. Once selected, click the "request a buyer number" button. Verify your email address with the email verification link. To verify your mobile number, click "send token". Follow the steps to authorize your mobile device and click "submit".

3 BID SUCCESSFULLY

You will only have to complete the two-step verification process one time. After that, you will be able to immediately request a buyer number on any auction without verification. If you're a winning bidder, your lots will appear in your cart on the bottom of your screen. You will be contacted by the ranch or sale manager for your payment and shipping plans.

IF YOU NEED HELP REGISTERING TO BID OR TO VIEW THE AUCTION PLEASE CONTACT TECHNICAL SUPPORT CALL JACE JAMES 580-481-0927

LONE STAR

Historic Howell Ranch

My great, great grandfather, Robert Dillard, moved to Cooke County in 1859. He purchased the land surrounding our ranch headquarters in 1861. His log-cabin house sat where my home sits today which was constructed in 1919 by my grandfather, Boss Houston Howell. In 2011, our family was honored by the Texas Family Land Heritage program for 150 years of continuous agricultural production.

As with every ranching family, there are many stories I could tell but I will share one. My grandfather, Boss Houston Howell, saw a business opportunity during World War I. They were trying to farm in the Texas heat with horses. He went to Mexico and bought the biggest jack he could find and began raising mules. After the war, a good set of broke to plow

mules would bring \$200 dollars. Land was about \$15 per acre. I doubt that breaking young mules to plow was fun work, but it allowed him to buy out the other family members and double the acreage.

I returned to the family ranch in 1976 after receiving an undergraduate degree in Mechanical Engineering from Southern Methodist University and an MBA from North Texas University. At that time, we ran commercial cows and grew wheat, oats, soybeans, and hay crops. I was extremely blessed to spend most of the next two decades working with my father, Houston Howell, first as his helper, then as a business partner and later acquiring the business. The memories I have and the knowledge he imparted are priceless.

I married Margaret Davidson in 1981. We are blessed with two fine sons, Brett and Brady Howell. We started Lone Star Angus in 1986 with the purchase of three cows. Our business expanded into yearlings and for two decades we maintained ownership of some of these cattle through the feedlot.

As the Angus herd grew, our other enterprises fell by the wayside. Lone Star currently has 450 grown registered Black Angus cows and 5 Registered Polled Hereford donor cows. All our forage is marketed through our cattle. Lone Star Angus's sixth Fall Bull Sale will be held on October 24, 2024. Lone Star Angus's thirteenth Spring Bull Sale will be in Gainesville, Texas on March 13, 2025! We will be selling both registered Angus bulls and commercial females in the fall and spring sales.

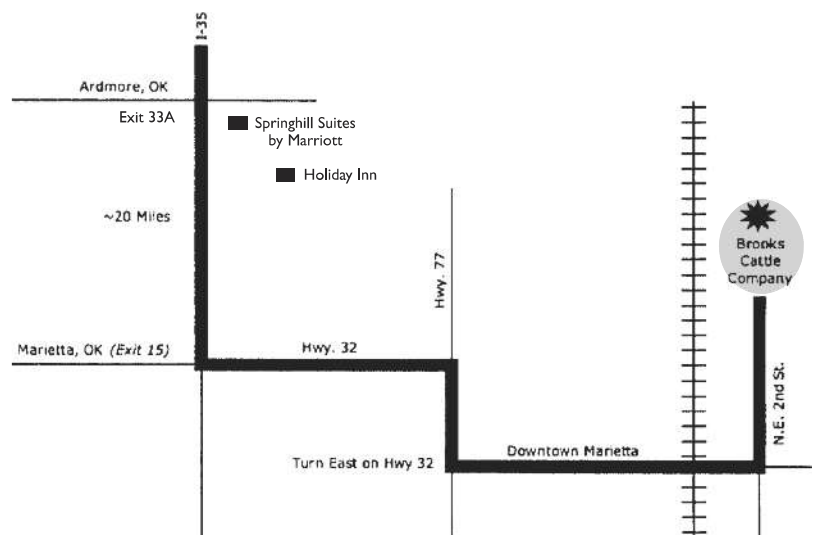

In the pursuit of genetic excellence during each breeding season, we implant about 250 embryos, artificially inseminate heavily, and use natural service for a short period at the end of the breeding seasons. We use proven bulls on the majority of our pairings and require calving ease, explosive growth, high marbling, docility, good udders and structural correctness. We are blessed with a wonderful group of repeat customers and look forward to serving all of our bull and female customers in the future.

Our Historic Foundation.

SALE LOCATION

Brooks Cattle Company Sale Facility
GPS Address: 801 North Brentwood
Marietta, OK 73448

From I-35, take Exit 15 at Marietta, Oklahoma. Go east on Highway 32 through downtown Marietta. Cross over the railroad tracks, then turn north on Brentwood Street until it dead ends at Brooks Cattle Company. It is approximately a 2-hour drive from Oklahoma City and 1.5 hours from DFW.

Poss Deadwood - Sire of Lots 18A and 18B

The sire of the flush sisters selling as Lots 18A and 18B, Poss Deadwood, became the second-highest selling Angus bull in the US in the last 25 years when he changed hands for \$900,000 in the 2021 Poss Angus Bull Sale. Deadwood presents himself with true herd bull authority in his long-bodied, thick, stout, long and square hipped stature that is combined with unspeakable eye appeal that compliments his elite genetic tabulation. His progeny have followed suit as you will see in these two daughters.

Connealy Clarity - Sire of Lots 19A and 19B

Lots 19A and 19B are sired by the \$60,000 rare and very valuable ST Genetics sire, Connealy Clarity, who was a feature from the 2020 Connealy Spring Sale. Clarity is highly out-crossed to most animals near his level of genetic merit with excellent projections for heifer preg, docility, growth and carcass and is an elite \$Combined sire who checks all the boxes while bringing worlds of muscle expression, stoutness, and foot quality that sweetens his powerful look. Progeny have continued to be in high demand and these flush sisters should continue that trend.

FALL OPEN DONOR PROSPECTS

Poss Winchester - Sire of Lots 20A and 20B

The sire of Lots 20A and 20B, Winchester, was the top-selling feature bull from the 2022 Poss sale. He's one of Clarity's highest \$C sons and a maternal brother to Poss Rawhide, while adding a productive and proven donor dam to his portfolio. Winchester is big footed, bold ribbed, and deep bodied with genetic, phenotypic, and maternal merit to be captured in one package and he transmits these attributes to his progeny as is evident in these two daughters.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef*® brand.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

Only 1 in 4 non-parent Angus bulls qualify.

For more information on Targeting the Brand™ visit CABcattle.com.
