

Carpenter Ant Prep Sheet

CARPENTER ANT TREATMENT PREPERATION:

**Please be sure to tell us when making appointment if someone in your home has breathing problems or are at risk for breathing problems (elderly and the very young) so you can receive specific instructions about re-entry time. **

For Outside Treatment

Wash windows *after* treatment.

DO NOT POWER WASH home after the treatment.

1. Cover and/or move bird feeders and empty bird baths.
2. Take down hanging outdoor plants.
3. Keep kids and pets off treated area for an hour.

For Inside Treatment

1. Pull all items out from under bathroom and kitchen sinks.
2. Move light furniture away from baseboards 1-2 inches
3. Cover fish tanks and unplug aerator
4. Family members and pets must be out of home for 3-4 hours.

****\$75 fee for cancellations without 24-hour notice or un-prepared areas may be applied.**
