## SWEEPSTAKES CRITIQUE - Judge Kelly Canham-Tonkin

*Just a few words...*

Thank you to the Northern California Bearded Collie Fanciers for inviting me to judge your Specialty show and bringing your babies and old timers out for me. I did have a great time baffling all of you who did not recognise me in my "Woofstock gear". It was extremely windy and I tried very hard to keep from having any of it fluttering over your beardies. Only one puppy ended up tangled in my wig ☺

Temperaments were, in large, lovely as were pigments and bites. I was very happy to find so many beardies with lovely length of body, something not seen as often in other areas and my top winners had the balanced fluid side gait I look for.

*Kelly Canham-Tonkin*

I was honored to be given the opportunity to judge our wonderful breed at this specialty. I would like to thank and congratulate the hard working Northern California Bearded Collie Fanciers and Woofstock committee for their efforts on such a well organized and super fun show. The weather was perfect and so was the hospitality. Thank you so much for the beautiful gift.

I was delighted with the entry and the quality of the Beardies that I judged. I was pleased to see that many of the dogs exhibited had correct body length of 5:4. Overall temperaments were very good, a few level bites and more than a few with dirty teeth. Most were presented in good condition, a couple with silkier coats which I suspect may have been contributed to by an overuse of or incorrect products.

My main winners were all excellent representatives of the breed and the breeders, owners and handlers of these dogs should be very proud of them, thank you for bringing them.
